Highways Generally and Special Provisions in Certain Counties.

(2901) § 1. **Navigable Streams Declared to Be Highways.**—All streams which have been rendered, or can hereafter be rendered, capable of being navigated by rafts of lumber or timber, by the removal thereof accidental obstructions, and all navigable watercourses and cuts, are hereby declared navigable streams, and such streams shall be common highways, and forever free, as well to the inhabitants of this State as to the citizens of the United States, without any tax or impost therefor, unless the same be expressly provided for by the General Assembly; and if any person shall obstruct the same, otherwise than as hereinafter provided, such person shall be deemed guilty of a nuisance, and such obstruction may be abated as other public nuisances are by the laws of this State.

Civ. '12, § 1928; Civ. '02, § 1385; G. S. 1062; R. S. 1159; G. S. 1104; 1853, XII, 305, § 1; Con., Art. XIV, § 1.

Navigable streams defined in *Heyward v. Farmers Mining Co.*, 42 S. C. 138, 19 S. E. 963; *State v. Pacific Guano Co.*, 32 S. C. 50. The right to erect a wharf on a navigable stream is a franchise, which can only be obtained from the State, and any erection without such authority is a nuisance. *State v. Young*, 30 S. C. 399, 9 S. E. 355.

This Act does not change definition of what are navigable waters. It only emphasizes law already declared that navigability does not depend upon depth or width of stream, nor upon ebb and flow of tide therein. *Manigault v. Ward & Co.*, 123 Fed. 707, 714.

A stream having no public terminus but its outlet is not a navigable water of the United States nor of this State. *Manigault v. Ward*, 123 Fed. 707, 714; *Chisholm v. Caines*, 67 Fed. 285, 293.

Obtaining special injuries from obstruction of navigable stream otherwise than as permitted by this section may recover without proof of negligence. *Drews v. Burton & Co.*, 76 S. C. 362, 366, 57 S. E. 176.

Edgefield County v. Georgia-Carolina Power Co., 104 S. C. 311, 88 S. E. 801.

All the work on bridges given out by the County Supervisor and County Board of Commissioners, where the amount shall exceed the sum of ten dollars, shall be done by contract. When the amount shall exceed the sum of one hundred dollars, the County Supervisor and County Board of Commissioners are hereby required to advertise the same in at least one of the papers in the county; said proposal shall in all such cases be accompanied by two or more sureties; when the amount is less than one hundred and more than ten dollars, the County Supervisor and County Board of Commissioners are required to advertise the same by posting a notice in three public places, one of which must be at the place where the work is to be done; said notices to be posted ten days prior to the day on which the work is to be let; and the County Supervisor and County Board of Commissioners shall have the right to reject any or all bids, if in their judgment the interest of the county so requires: *Provided*, That in Sumter and Richland Counties it shall not be necessary to advertise by posting, or otherwise in cases of emergency, where the sum to be expended is less than one hundred (\$100) dollars.

Civ. '12, § 1929; 1902, XXIII, 998; 1910, XXVI, 721; 1913, XXVIII, 5.

It is a condition of power or jurisdiction of County Board of Commissioners to allow a claim under this section that contract should be in existence; for language of statute is mandatory and not permissive. *People's Bank v. Goodwin*, 81 S. C. 419, 429, 62 S. E. 1100.

(2905) § 5. Free Ferries at Holly's Ferry and Simpson's Ferry.—The County Supervisor of Newberry County is hereby authorized and directed to establish and maintain a free ferry across the Saluda River at Holly's Ferry. The County Supervisor of Saluda County is hereby authorized and directed to establish and maintain a free ferry across the Saluda River at Simpson's Ferry: *Provided*, Nothing in this Section contained shall be construed or deemed to require the county authorities of Newberry and Saluda Counties to discontinue said ferry.

State road is public road. *Heape v. Berkeley County*, 80 S. C. 32, 37, 61 S. E. 203; *Wilson v. Greenville County*, 110 S. C. 321, 96 S. E. 301; *Whitlock v. Town of Jonesville*, 111 S. C. 391, 98 S. E. 142.

(2907) § 7. **Width of Roads—Opening New Roads or Change of Location—Surveyor—Proceedings.**—The roadbed shall not be less than 16 feet wide, exclusive of side ditches, roots and other obstructions, unless otherwise ordered by the County Board of Commissioners, and be posted with substantial mileposts, and where roads run through lands where water stands or flows, the roads must be ditched on either side and the roadbed raised. The County Board of Commissioners may also open new public roads and widen or change the location of old public roads, where, in their judgment, such change would be for the material interests of the traveling public. They may obtain the right of way for public roads or the drainage of public roads by gift or purchase, or they may condemn the lands therefor and assess the compensation and damages therefor as is hereinafter provided. They shall have power to call to their assistance a surveyor, who shall survey and lay off such roads, under their direction, so that the grade shall not exceed seven and a half inches to the road. The County Board of Commissioners requiring such right of way shall give ten days' notice, in writing, to the owner of the land over which such right of way is required, of their intention to condemn and establish such right of way, and of the time and place when and where the compensation and damages therefor will be assessed. If the owner of such land be a non-resident of the county, the notice may be served upon his agent or tenant, or any other person in possession thereof; but in such case at least fifteen days' notice must be given. If there be no agent, tenant or other person in possession, the notice may be served by depositing it in the postoffice, postage prepaid, directed to the owner at his last known place of residence; and by publishing such notice for at least two weeks in one of the newspapers published in the county wherein the land is situated. For the purpose of this Section the guardians of infants, the committees of idiots or

other persons *non compos mentis*, and trustees, shall be deemed to be owners of the lands of their wards and *cestuis que trustent*. In case an infant owner has no guardian, or an idiot or other person *non compos mentis* has no committee, service may be made upon the person with whom they severally reside, and upon the Probate Judge of the county, who shall appoint guardians *ad litem* to appear and represent them. In case the interests of any guardian or committee shall be opposed to those of his ward, a guardian *ad litem* shall be appointed by the Probate Judge, who shall have authority to appear and represent such ward. No member of the Board, who is personally interested or who is related by blood or marriage within the sixth degree to any person claiming compensation and damages, shall serve while the case of such person is under consideration. The places of disqualified members of the Board shall be filled *pro tempore* by appointment to be made by the Clerk of the Court. All persons interested shall have the right to introduce testimony and to be heard in argument upon the matter of compensation in damages. After hearing the evidence and arguments, the Board shall render its decision by resolution, which shall be recorded in its minutes.

This repeals R. S. 1171, 1172. Franklin v. Raborn, 60 S. C. 78, 100, 38 S. E. 260, 268. Similar condemnation proceedings held constitutional in Gilmer v. Hunnicutt, 57 S. C. 166, 35 S. E. 521. The statutory mode for obtaining the right of way must be followed. York Co. v. Fewell, 21 S. C. 106. The presumption is that it has been followed where the road has been opened. Commissioners v. Murray, 1 Rich. L. 335. The proceedings cannot be collaterally attacked for irregularities. State v. Kendall, 54 S. C. 192, 32 S. E. 300; though they may be for want of jurisdiction.

Minutes of County Commissioners showing a public road was granted, evidence that it had been laid out for eight years and had been worked by public is sufficient to show it public highway. Mere irregularities in proceedings before Commissioners would not affect it. State v. Havird, 88 S. C. 227, 228.

In order to restrain County officers from condemning lands for highways, the owner must show that they are about to abuse their discretion or act in bad faith or oppressively in changing location of road. Hutchison v. York County, 86 S. C. 396, 407, 68 S. E. 577.

PAYMENT FOR RIGHT OF WAY, APPEAL, ETC.—Upon the resolution of the Board fixing the amount of the compensation and the damages in any case, a warrant may be drawn on the County Treasurer for the amount so fixed, and the Treasurer shall pay the same out of any funds in his hands applicable to such purposes. Any person interested may appeal to the Court of Common Pleas from the decision of the Board: *Provided*, The notice and grounds of appeal be served upon the Supervisor of the County and filed with the Clerk of said Court within ten days after the decision of the Board. The Clerk shall docket such appeal on Calendar No. 1, and they shall be heard in said Court *de novo* before a jury, unless the right to jury trial be waived, as in other cases provided by law. Such appeals may be called up for trial out of their order by either party. The verdict of the jury in such cases shall be final, unless set aside for the reasons for which verdicts may be set aside in other cases, or unless the judgment of the Court thereupon be reversed, for error of law, on appeal to the Supreme Court. After tender of the amount found by the Board for compensation and damages, the pending of an appeal, either in the Circuit or the Supreme Court, shall not operate to stay the opening, widening or changing the location of such roads, but the acceptance of the amount tendered shall operate as an abandonment of the appeal. In case the amount tendered

be refunded, it shall be deposited with the Clerk of the Court for the owner, and the Clerk shall give his official receipt therefor, and shall pay the same to the owner upon demand, and take his receipt therefor. Unless the appellant shall recover on the appeal in which he shall be the actor, twenty per cent. more than the amount fixed by the Board, he shall pay the costs and disbursements of the appeal, and judgment may be entered against him therefor. In assessing compensation and damages for rights of way, only the actual value of the land to be taken therefor, and any special damages resulting therefrom shall be considered, and due allowance shall be made for any special benefit which may accrue to the owner, including the value of the old road, if the same revert to such owner.

(2927) § 27. Division of Highways Into Sections — Overseers — Road Hands—Assignment of Work—Notice—Duties of Overseers.—In those counties where the public roads are worked by those liable to road duty, or in which any highway district is so worked, the County Supervisor and Board of Commissioners shall divide the highways in each district which is so worked into suitable sections of not less than two, nor more than five miles each, and where not worked by the contract system shall appoint an Overseer of Roads for each of said sections. Duties of Township Commissioners and Power Over Road Hands, Etc.—Warners Appointed.—In those counties where Township Boards of Commissioners exist they shall, subject to the approval of the County Board of Commissioners or the Supervisor of their respective counties, divide their respective townships into suitable road districts, and make a record thereof in a book kept for that purpose, and annually thereafter may make such alterations therein as they may deem proper, and cause a brief description thereof to be made on the township records, and also to furnish each overseer with a description of his road district. The Township Board of Commissioners of each township, at their annual meeting, and annually thereafter, shall elect from the qualified electors of their townships

liable to road duty one overseer for each road district, whose term of office shall be two years from the date of appointment, and who shall receive such compensation as the County Board of Commissioners may fix. (2929) § 29. Duty of Commissioners Where Contract System of Working Roads Is Adopted.—If the County Board of Commissioners conclude to adopt a contract system for working, maintaining and operating the several sections of highways, roads, bridges and ferries in the several townships in the respective counties, or any part thereof, the County Supervisor or County Board of Commissioners, as soon as practicable thereafter, may advertise in the newspaper published in the county, once a week for three weeks, and by notices posted in two or more conspicuous places in the several townships, or the township to be worked by contract system, for bids from responsible persons for the performance of the work as above set forth, and to furnish specifications of all such work or contracts as has been advertised. Any and all bids shall be made in writing, sealed and addressed to the County Supervisor and by him opened in the presence of and submitted to the County Board of Commissioners, and it shall be the duty of said Board to accept the lowest bid made by a responsible person or party: *Provided*, The County Board of Commissioners shall have power to reject any and all bids, and shall require bond), who shall execute good and sufficient bond to keep, repair and maintain said public highway for the period of twelve months from date of contract, such contractor or contractors to execute a bond in double the amount of his or their contract, with two or more sureties, to be approved by the County Board of Commissioners, and said Board is hereby empowered to hire overseers and laborers, and have the work performed as in its judgment may be most expedient and for the best interest of the county: *Provided, further*, That the County Supervisors and County Boards of Commissioners of the counties of this State are hereby authorized and empowered to arrange to work the roads of their respective counties with the convicts of their several counties, or to lease to or from the County Board of Commissioners of any county, upon such terms as may be agreed upon by the respective County Boards of Commissioners, and convicts sentenced to perform hard labor upon the public works of any county, and said convicts may be worked upon the roads, highways,

bridges or other public works of the county where convicted or of the county to which they have been leased.

Provisions that County Supervisors "may advertise should not be construed "shall" or "must," but was intended to give such officer discretion, and city council of Spartanburg, under general charter giving it same powers over streets as County officers over highways, is not required to advertise for bids for paving streets in County newspaper. *Willingham v. City Council*, 75 S. C. 549, 554, 56 S. E. 381, 117 Am. St. Rep. 917, 9 Am. & Eng. Ann. Cas. 829, 8 L. R. A., N. S., 412

Taxpayer cannot object to validity of contract for paving streets because city officers refused all bids made after advertisement, and thereafter, upon conference with two lowest bidders, received bids from them lower than previously filed, and contracted with lowest of these two to do work, where act resulted in larger saving to taxpayers. *Dillingham v. City Council*, 75 S. C. 549, 555, 56 S. E. 381, 117 Am. St. Rep. 917, 9 Am. & Eng. Ann. Cas. 829, 8 L. R. A., N. S., 412.

(2930) § 30. Credit to Be Given County for Labor Performed by Road Hands Under Contractor.—In the districts where the working, maintaining and operating the highway is done by contract, as above provided, such persons as are liable to road duty on such highways, respectively, and desire to work the number of days required instead of paying the commutation tax, shall be allowed to work on said highway, under the direction and control of the contractor, and such contractor shall account to the Supervisor or Board of County Commissioners, as the case may be, for the days so worked by each person, and in the sum per day as the number of days required of such person bears to the commutation tax permitted in lieu thereof.

If such defect in any road, causeway or bridge, or in any ferry operated as aforesaid, existed before such injury or damage occurred, such damage shall not be recovered by the person so injured if his load exceeded the ordinary weight: *Provided, further*, That such county shall not be liable unless such defect was occasioned by its neglect or mismanagement: *Provided, further*, That if in any case brought under this Section it is made to appear that before the damage occurred the Supervisor or other officer or officers of such county, who is or are thereunto charged by law, had been notified in writing, by any citizen, that the highway, causeway or bridge, or ferry operated as aforesaid, at or on which the damage occurred, was defective, or needed repair, the burden of proof as to the negligence of county officials shall be upon the county to show, either that such defect did not in fact exist, or that it had been properly repaired, or that a reason-

The injury must arise from a defect in the highway, not from fright of horse. *Mason v. Spartanburg County*, 40 S. C. 390, 19 S. E. 15, 42 Am. St. Rep. 837. Absence of railing not proximate cause of injury resulting from horse taking fright at a piece of timber lying near, and backing buggy off the bridge. *Brown v. Laurens County*, 38 S. C. 232, 17 S. E. 21. See, also, *Dunn v. Town of Barnwell*, 43 S. C. 398, 21 S. E. 315; *Acker v. Anderson County*, 20 S. C. 494. Absence of contributory negligence must be alleged in the complaint since the Act of 1892. *Walker v. Chester County*, 40 S. C. 342, 18 S. E. 936. The negligence of plaintiff is not governed by the rules as to contributory negligence at common law, but he cannot recover if the injury was in any way brought about by his negligence, or if he negligently contributed thereto—"contributed" defined. *McFall v. Barnwell County*, 57 S. C. 294, 35 S. E. 562. Claim for damages need not be presented to County Board of Commissioners before action brought. *Jennings v. Abbeville County*, 24 S. C. 543. Even before the amendment as to negligence on part of plaintiff he could not recover if he received the injury through heedlessly disregarding a patent defect, which he knew to be dangerous. *Laney v. Chesterfield County*, 29 S. C. 140, 7 S. E. 56. The right of action does not survive. *All v. Barnwell County*, 29 S. C. 161, 7 S. E. 58. The defect must be in a public road which is a highway and which it is the duty of the County to maintain. *Hill v. Laurens County*, 34 S. C. 141, 13 S. E. 213. This statute does not include injuries arising from the use of a defective flatboat on a ferry operated by the County, a ferry not being a highway within the meaning of the statute. *Chick v. Newberry County*, 27 S. C. 419, 3 S. E. 737. Measure of actual damages. *Pearson v. Spartanburg County*, 51 S. C. 480, 29 S. E. 193.

It seems that County is liable for damages resulting to traveler from colliding with heavily laden wagon used in repairing highway, left standing in public highway for several weeks unlighted. *Duncan v. Greenville Co.*, 71 S. C. 170, 173, 50 S. E. 776.

The words in proviso, "has not in any way brought about such injury or damage by his own act," construed to mean act of person injured must be efficient cause of injury; i. e., the immediate and proximate cause thereof. *Cooper v. Richland County*, 76 S. C. 202, 203, 56 S. E. 953, 121 Am. St. Rep. 946, 10 L. R. A., N. S., 799.

Injury sustained by owner while trying to help horse whose foot gets fastened in hole in bridge, while being driven along highway, is within provision of this statute. *Cooper v. Richland County*, 76 S. C. 202, 204, 56 S. E. 953, 121 Am. St. Rep. 946, 10 L. R. A., N. S., 799.

There can be no recovery without allegation and proof that defect which caused damage, or injury, was occasioned by neglect or mismanagement on part of County. *Scott v. Richland County*, 83 S. C. 506, 509, 65 S. E. 729.

Allegation that by all aforesaid negligent acts of defendant, its agents and servants plaintiff has been damaged, on demurrer saves complaint against County for damages to land owner caused by raising grade of highway, and it is within discretion of trial Judge to permit amendment, as cause of action is defectively stated. *Scott v. Richland County*, 83 S. C. 506, 509, 65 S. E. 729.

That bridge was in bad condition one or two years before accident, that attention of overseer had been called to it, that County Commissioner had inspected it about one month before, tend to show defective bridge, resulting from neglect. That wagon passed over bridge with load, driver noticing no defect, but horse fell through on return, being driven in walk, without load, tend to show absence of contributory negligence. *Herdson v. Colleton County*, 33 S. C. 551, 65 S. E. 850.

sureties, or by some lawful and authorized surety company, to be approved by the Clerk of said Court of Common Pleas, conditioned for the payment of all expenses and costs incurred in the proceedings in case the Clerk of Court does not grant the prayer of said petition; the said Clerk shall issue a summons, to be served on all the landowners who have not joined in the petition, and whose lands are included in the proposed drainage district, so far as the said Clerk has been able to ascertain the same: *Provided*, That the failure to serve those landowners whose names were unknown to the Clerk shall have no effect upon the proceedings, if they are made parties to the proceedings, as hereinafter provided. Upon the return day the said Clerk shall appoint a disinterested and competent Civil and Drainage Engineer, and two resident freeholders of the county or counties in which said lands are located, as a Board of Viewers, to examine the lands described in the petition and make a preliminary report thereon. The Board of Viewers shall have the right to borrow a sufficient sum of money to defray the costs and expenses aforesaid, including the compensation of the Engineer and his assistants, not exceeding the amount of said bond, and to pledge the same bond as security for such loan: *Provided*, Said sum so borrowed shall be deposited with the Clerk of Court to be disbursed by him from time to time in payment of the aforesaid costs and expenses, including the compensation of the Engineer and his assistants. If the proposed district is finally established, such loan, with interest, shall be repaid from the assessment hereinafter authorized, and if no such loan is procured, the aforesaid costs and expenses, including the compensation of the Engineer and his assistants, shall be paid from said assessment; but if the petition is dismissed at the cost of the petitioners the sureties on said bond shall be liable, to the extent of the amount of said bond, for the aforesaid costs and expenses, including the compensation of the Engineer and his assistants, together with interest on loan if procured as aforesaid. When the lands proposed to be drained and created into a drainage district are located in two or more counties, the Clerk of Court of Common Pleas of either county shall have and exercise the jurisdiction herein conferred, and the venue shall be in that county in which the petition is first filed. The law and rules of the Civil Code shall be applicable to this Act as far as may be practicable. The summons may be served by application as to any defendants who cannot be personally served, as provided by law. The service of such notice upon the station agent of any railroad, interurban, or other companies in any county in which the right of way of such company will be affected by such drainage will be sufficient notice to such railroad or other companies, and in case there be no agent of such companies in such county such companies shall be notified in the same manner as nonresident landowners.

Civ. '12, § 2197; 1911, XXVII, 92; 1914, XXVIII, 455; 1915, XXIX, 199; 1920, XXXI, 1089.

(3152) § 12. Examination—Preliminary Report.—The Board of Viewers shall proceed to examine the land described in said petition, and other land, if necessary, to locate properly such improvement or improvements as are petitioned for, along the route described in the petition, or any other route answering the same purpose if found more practicable or feasible, and may

make such surveys as may be necessary to determine the boundaries and elevations of the several parts of the district, and shall make and return to the Clerk of Court of Common Pleas within ninety days, unless the time shall be extended by the said Clerk, a written report, which shall set forth: "1. Whether the proposed drainage is practicable or not. 2. Whether it will benefit the public health or any public highway, or be conducive to the general welfare of the community. 3. Whether the improvements proposed will benefit the land sought to be benefited. 4. Whether or not all the lands benefited are included in the proposed drainage district. They shall also file with this report a map of the proposed drainage district, showing the location of the ditch or ditches, or other improvements to be constructed in the lands that will be affected thereby, and such other information as they may have collected that will tend to show the correctness of their findings."

Civ. '12, § 2198; 1911, XXVII, 92; 1920, XXXI, 1089.

(3153) § 13. Filing Preliminary Report.—The Clerk of Court, as aforesaid, shall consider this report. If the Viewers report that the drainage is not practicable, or that it will not benefit the public health or any public highway, or be conducive to the general welfare of the community, and the Clerk of Court shall approve such findings, the petition shall be dismissed at the cost of the petitioners, and the sureties upon the bond so filed by them shall be liable as aforesaid. Such petition or proceedings may again be instituted by the same or additional landowners at any time after six months, upon proper allegations that conditions have changed or that material facts were omitted or overlooked. If the Viewers report that the drainage is practicable, and that it will benefit the public health or any public highway, or be conducive to the general welfare of the community, and the Clerk of Court shall so find, then the said Clerk shall fix a day when the report will be further heard and considered.

Linley et al v. Citizens National Bank of Anderson et al, 108 S. C. 372, 94 S. E. 874.

(3154) § 14. Notice.—If the petition is entertained by the aforesaid Clerk of Court, notice shall be given by publication for two consecutive weeks in some newspaper of general circulation within the county or counties, if one shall be published in such counties, and also by posting a written or printed notice at the door of the Court House, and at five conspicuous places within the drainage district, that on the date set, naming the day, the said Clerk of Court will consider and pass upon the report of the Viewers. At least fifteen days shall intervene between the date of publication and the posting of notices and the date set for the hearing.

(3155) § 15. Hearing Preliminary Report.—At the date appointed for the hearing, the Clerk of Court, as aforesaid, shall hear and determine any objections that may be offered to the report of the Reviewers. If it appear that there is any land within the proposed levee or drainage district that will not be affected by the leveeing or drainage thereof, such lands shall be excluded and the names of the owners withdrawn from such proceedings; and if it shall be shown that there is any land not within proposed district

that will be affected by the construction of the proposed levee or drain, the boundary of the district shall be so changed as to include such lands, and such additional landowners shall be made parties plaintiff or defendant, respectively, and summons shall issue accordingly, as hereinbefore provided; and any landowners whose lands were within the original levee or drainage district, who were not summoned by the Clerk when the petition was filed, and whose names have since been ascertained by the Clerk, shall be made parties plaintiff or defendant, respectively, and summons shall issue accordingly, as hereinbefore provided. After such change in the boundaries is made, the sufficiency of the petition shall be verified to determine whether or not it conforms to the requirements of the Statute as provided in Section 11. The efficiency of the drainage or levee may also be determined, and if it appears that the location of any levee or drain can be changed so as to make it more effective, or that other branches or spurs should be constructed, or that any branch or spur projected may be eliminated or other changes made that will tend to increase the benefits of the proposed work, such modification and changes shall be made by the Board. The Engineer and other two Viewers may attend this meeting and give any information or evidence that may be sought to verify and to substantiate their reports. If necessary, the petition, as amended, shall be referred by the Clerk of Court to the Engineer and two Viewers for further report. The above facts having been determined to the satisfaction of the Clerk of the Court, and the boundaries of the proposed district so determined, he shall declare the establishment of drainage or levee district, which shall be designated by a name or number, for the object and purpose as herein set forth.

(3156) § 16. May Condemn Land.—If it shall be necessary to acquire a right of way or an outlet over and through lands not affected by the drainage, and the same cannot be acquired by purchase, then, and in such event, the proceeding to secure the condemnation of any right of way which may be necessary for the proper drainage of any drainage district, or any part thereof, and to fix the compensation of the same, shall be the same as that provided by Article IX, Section 20 of the Constitution of 1895, and the Statutes enacted pursuant thereto, except that such compensation shall be ascertained by a jury of twelve men, in a Court of record, and such drainages as may be awarded as compensation shall be paid by the Board of Drainage Commissioners out of the first funds which shall be available from the proceeds of sale of bonds or otherwise.

Civ. '12, § 2202; 1911, XXVII, 92.

(3157) § 17. Right of Appeal.—Any person or corporation owning lands within the drainage or levee district which he or it thinks will not be benefited by the improvement and should not be included in the district, may appeal from the decision of the Clerk of the Court of Common Pleas of such county, in term time or at chambers, by filing an appeal, accompanied by a bond conditioned for the payment of the costs, if the appeal should be decided against him, for such sum as the Court may require, not exceeding

two hundred dollars, signed by two or more solvent sureties, or in some approved surety company, to be approved by the Court.

Civ. '12, § 2203; 1911, XXVII, 92.

(3158) § 18. Complete Survey.—After the district is established, the Clerk of Court shall refer the report of the Engineer and Viewers back to them to make a complete survey, plans and specifications for the drains or levees or other improvements, and fix a time when said Engineer and Viewers shall complete and file their report.

Civ. '12, § 2204; 1911, XXVII, 92; 1916, XXIX, 932; 1920, XXXI, 1087.

(3159) § 19. Complete Report.—The Engineer and Viewers shall have power to employ such assistants as may be necessary to make a complete survey of the drainage district, and shall enter upon the ground and make a survey of the main drain or drains and all its laterals. The line of each ditch, drain or levee shall be plainly and substantially marked on the ground. The course and distance of each ditch shall be carefully noted and sufficient notes made, so that it may be accurately platted and mapped. A line of levels shall be run for the entire work and sufficient data secured from which accurate profiles and plans may be made. Frequent bench marks shall be established along the line, on permanent objects, and their elevation recorded in the field books. If it is deemed expedient by the Engineer and Viewers, other levels may be run to determine the fall from one part of the district to another. If an old watercourse, ditch or channel is being widened, deepened or straightened, it shall be accurately cross-sectioned, so as to compute the amount of cubic yards saved by the use of such old channel. A drainage map of the district shall then be completed, showing the location of the ditch or ditches and other improvements and the boundary, as closely as may be determined by the records of the lands owned by each individual landowner within the district. The location of any railroads or public highways and the boundary of any incorporated town or village within the district shall be shown on the map. There shall also be prepared to accompany this map a profile of each levee, drain or watercourse, showing the surface of the ground, the bottom or grade of the proposed improvement and the number of cubic yards of excavation or fill in each mile or fraction thereof, and the total yards in the proposed improvement and the estimated cost thereof, and plans and specifications, and the cost of any work required to be done.

Civ. '12, § 2205; 1911, XXVII, 92.

(3160) § 20. Assessment of Damages.—It shall be the further duty of the Engineer and Viewers to assess the damages claimed by any one that is justly right and due to them for land taken or for inconvenience imposed because of the construction of the improvement, or for any other legal damages sustained, such damage shall be considered separate and apart from any benefit the land would receive because of the proposed work, and shall be paid by the Board of Drainage Commissioners when funds shall come into their hands.

Civ. '12, § 2206; 1911, XXVII, 92.

(3161) § 21. Classification of Land According to Benefits.—It shall be the further duty of the Engineer and Viewers to personally examine the land in the district and classify it with reference to the benefit it will receive from the construction of the levee, ditch, drain or watercourse or other improvement. In the case of drainage, the degree of wetness of the land, its proximity to the ditch or a natural outlet and the fertility of the soil and its effect upon health conditions in the district, shall be considered in determining the amount of benefit it will receive by the construction of the ditch. The land benefited shall be separated in five classes. The land receiving the highest benefit, "Class A;" that receiving the next highest benefit, "Class B;" that receiving the next highest benefit, "Class C;" that receiving the next highest benefit, "Class D," and that receiving the smallest benefit, "Class E." The holding of any one landowner need not necessarily be all in one class, but the number of acres in each class be ascertained, though its boundary need not be marked on the ground or shown on the map. The total number of acres owned by one person in each class and the total number of acres benefited shall be determined. The total number of acres of each class in the entire district shall be obtained and presented in tabulated form. The scale of assessment upon the several classes of land returned by the Engineer and Viewers shall be in the ratio of five, four, three, two and one; that is to say, as often as five mills per acre is assessed against the land in "Class A," four mills per acre shall be assessed against the land in "Class B," three mills per acre in "Class C," two mills per acre in "Class D," and one mill per acre in "Class E." This shall form the basis of the assessment of benefits to the lands for drainage purposes: *Provided*, That in the County of Richland the said Engineers and Viewers may classify and assess all lands included in said drainage district and benefited by the same as one class.

Civ. '12, § 2207; 1911, XXVII, 92; 1917, XXX, 338.

(3162) § 22. Cost of Survey.—The Engineer and Viewers shall keep an accurate account and report to the Clerk of the Court the name and number of days each person was employed on the survey and the kind of work he was doing and any expense that may have been incurred in going to and from the work, and the cost of any supplies or material that may have been used in making the survey.

Civ. '12, § 2208; 1911, XXVII, 92.

(3163) § 23. Delay—Extension of Time.—In case the work is delayed by high water, sickness or any other good cause, and the report is not completed at the time fixed by the Clerk of the Court, the Engineer and Viewers shall appear before the Clerk of Court, and state in writing the cause of such failure and ask for sufficient time in which to complete the work, and the Clerk of Court shall set another date by which the report shall be completed and filed.

Civ. '12, § 2209; 1911, XXVII, 92.

(3164) § 24. Final Report—Notice of Hearing.—When the final report is completed and filed it shall be examined by the Clerk of Court, and if it is found to be in due form and in accordance with the law, it shall be

accepted, and if not in due form it may be referred back to the Engineer and Viewers, with instruction to secure further information, to be reported at a subsequent date to be fixed by the Clerk of the Court. When the report is fully completed and accepted by the Clerk of the Court, a date, not less than twenty days thereafter, shall be fixed by the said Clerk of Court for the final hearing upon the report, and notice thereof shall be given by publication in a newspaper of general circulation in the county and by posting a written or printed notice on the door of the Court House and at five conspicuous places throughout the district, such publication to be made for at least two weeks before the final hearing: *Provided*, That if it shall appear at the time the final report is completed, filed and examined by the Clerk, as aforesaid, that certain landowners whose lands are included in the proposed drainage or levee district, have not been made parties to the proceedings, a summons as hereinbefore provided shall be served upon them and each of them, and at the same time a written or printed notice hereinbefore referred to shall be personally served upon them and each of them. During this time a copy of the report shall be on file in the office of the Clerk of the Court of Common Pleas, and shall be open to the inspection of any landowner or other persons interested within the drainage district.

Civ. '12, § 2210; 1911, XXVII, 92; 1915, XXIX, 199.

(3165) § 25. Adjudication—Final Report.—At the date set for hearing any landowner may appear in person, or by counsel, and file his objection in writing to the report of the Viewers; and it shall be the duty of the Clerk of the Court to carefully review the report of the Viewers, and the objections filed thereto, and make such changes as are necessary to render substantial and equal justice to all the landowners in the district. If, in the opinion of the Clerk, the cost of construction, together with the amount of damage assessed, is not greater than the benefits that will accrue to the land affected, the Clerk shall confirm the report of the Viewers. If, however, the Clerk finds that the cost of construction, together with the damages assessed, is greater than the resulting benefits that will accrue to the lands affected, the Clerk shall dismiss the proceedings at the cost of the petitioners, and the sureties upon the bond so filed by them shall be liable as aforesaid.

Civ. '12, § 2211; 1911, XXVII, 92; 1920, XXXI, 1089.

(3166) § 26. Appeal.—Any party aggrieved may, within ten days after the confirmation of the assessor's report, appeal to the Court of Common Pleas in term time. Such appeal shall be taken and prosecuted as now provided by the Civil Code for appeals from a Magistrate's Court to the Court of Common Pleas.

Civ. '12, § 2212; 1911, XXVII, 92.

(3167) § 27. Drainage Record.—The Clerk of the Court of Common Pleas shall provide a suitable book to be known as the "Drainage Record," in which he shall transcribe every petition, motion, order, report, judgment or finding of the Board in every drainage transaction that may come before it, in such a manner as to make a complete and continuous record of the

case. Copies of all the maps and profiles are to be furnished by the Engineer and marked by the Clerk "official copies," which shall be kept on file by him in his office, and one other copy shall be pasted or otherwise attached to his record book.

Civ. '12, § 2213; 1911, XXVII, 92.

(3168) § 28. Appointment of Drainage Commission. — After the said drainage district shall have been declared established, as aforesaid, and the survey and plan thereof approved, the Clerk of Court shall appoint three persons, who shall be designated as the Board of Drainage Commissioners. Such Drainage Commissioners shall first be elected by the owners of the land within the drainage or levee district, or by a majority of same, in such manner as the Clerk of Court shall prescribe. The Clerk of Court shall appoint those receiving a majority of the votes. If any one or more of such proposed Commissioners shall not receive the vote of the majority of such landowners, the Clerk of Court shall appoint all of the remainder from among those voted for in the election, in the order of those receiving the greatest number of votes. The Drainage Commissioners shall receive compensation for their work at the rate of five (\$5.00) dollars per day for the days that they work. Any vacancy thereafter occurring shall be filled in like manner. Such three Drainage Commissioners, when so appointed, shall be immediately created a body corporate, under the name and style of "The Board of Drainage Commissioners of District," with the right to hold property and convey the same, to sue and be sued, and shall possess such other powers as usually pertain to corporations. They shall organize by electing from among their number a Chairman and a Vice Chairman. They shall also elect a Secretary, either within or without their body. The Treasurer of the county in which the proceedings were instituted shall be *ex officio* Treasurer of such Drainage Commissioners. Such Board of Drainage Commissioners shall adopt a seal, which they may alter at pleasure. The Board of Drainage Commissioners shall have and possess such powers as are herein granted. The name of such drainage district, whether designated by number or otherwise, shall constitute a part of its corporate name, for illustration: "The Board of Drainage Commissioners of (No. 1, of McClellanville) District:" *Provided*, That in Charleston County the powers hereby vested in the Clerk of the Court by the provisions of this Article shall be exercised and vested in the Sanitary and Drainage Commission of Charleston County in lieu of the Clerk of Court of said county.

Linley et al v. Citizens National Bank of Anderson et al, 108 S. C. 372, 94 S. E. 874.

(3169) § 29. Superintendent of Construction.—The Board of Drainage Commissioners shall appoint a competent person as Superintendent of Construction. Such person shall furnish a bond, to be approved by the Commissioners, in the penal sum of ten thousand dollars, conditioned upon the honest and faithful performance of his duties, such bond to be in favor of the Board of Drainage Commissioners.

Linley et al v. Citizens National Bank of Anderson et al, 108 S. C. 372, 94 S. E. 874.

(3170) § 30. Notice of Letting Contract — Bond of Contractor.—The Board of Drainage Commissioners shall cause notice to be given for two consecutive weeks in some newspaper published in the county wherein such improvement is located, if such there be, and publication for the same length of time in at least one engineering or contracting journal of wide circulation, of the time and place of letting the work of construction of said improvement; and in such notice they shall specify the approximate amount of work to be done and the time fixed for the completion thereof; and in the date appointed for the letting, they, together with the Superintendent of Construction, shall convene and let to the lowest responsible bidder, either as a whole or in sections, as they may deem most advantageous for the district, the proposed work. No bid shall be entertained that exceeds the estimated cost, except for good and satisfactory reasons it shall be shown that the original estimate was erroneous. They shall have the right to reject all bids and advertise again the work, if in their judgment the interest of the district will be subserved by doing so. The successful bidder shall be required to enter into a contract with the Board of Drainage Commissioners and to execute a bond for the faithful performance of such contract, with sufficient sureties, in favor of the Board of Drainage Commissioners, for the use and benefit of the levee or drainage district, in an amount equal to twenty-five per centum of the estimated cost of the work awarded to him, and any person furnishing labor or material to such contractor or subcontractor, or furnishing board or lodging to the employees of such contractor or subcontractor in the construction of such work and failing to receive compensation therefor, shall have a right of action on such bond for the amount found due him or them.

Civ. '12, § 2216; 1911, XXVII, 92.

(3171) § 31. Payment of Work Done.—The Superintendent in charge of construction shall make monthly estimates of the amount of work done, and furnish one copy to the contractor and file the other with the Secretary of the Board of Drainage Commissioners, and the Board shall meet and direct the Secretary to draw a warrant in favor of such contractor for ninety per centum of the work done, according to the specifications and contract; and upon the presentation of such warrant, properly signed by the Chairman and Secretary, to the Treasurer of the drainage fund, he shall pay the amount due thereon. When the work is fully completed and accepted by the Superintendent, he shall make an estimate for the whole amount due, including the amounts withheld on the previous monthly estimates, which shall be paid from the drainage fund as before provided.

Civ. '12, § 2217; 1911, XXVII, 92.

(3172) § 32. Failure of Contractor—Reletting.—If any contractor to whom a portion of said work shall have been let shall fail to perform the same according to the terms specified in his contract, action may be had in behalf of the Board of Drainage Commissioners against such contractor and his bond in the Court of Common Pleas for damages sustained by the levee or drainage district, and recovery made against such contractor and

his sureties. In such an event the work shall be advertised and relet in the same manner as the original letting.

Civ. '12, § 2218; 1911, XXVII, 92.

(3173) § 33. Right of Contractor.—In the construction of the work the contractor shall have the right to enter upon the lands necessary for this purpose and the right to remove private or public bridges or fences and to cross private lands in going to or from the work. In case the right of way of the improvement is through timber the owner thereof shall have the right to remove it, if he so desires, before the work of construction begins, and in case it is not removed by the landowners it may be removed by him.

Civ. '12, § 2219; 1911, XXVII, 92.

(3174) § 34. Highways Affected.—Where any public ditch, drain or watercourse, established under the provisions of this Article, crosses a public highway, the actual cost of constructing the same across the highway, or removing the same old bridges or building new ones, shall be paid for by the county. Wherever any highway within the levee or drainage district shall be beneficially affected by the construction of any improvement or improvements in such district, it shall be the duty of the Viewers appointed to classify the land to give in their report the amount of benefit of such highways, and notice shall be given by the Clerk of the Board of County Commissioners in the county where the road is located of the amount of such assessment, and the County Commissioners shall have the right to appear before the Clerk of the Court and file its objections to the same as any landowner.

Civ. '12, § 2220; 1911, XXVII, 92; 1920, XXXI, 1089.

(3175) § 35. Railroad—Damage—Benefit.—Wherever the Engineer and the Viewers in charge shall make a survey for the purpose of locating a public levee or drainage district or changing a natural watercourse, and the same would cross the right of way of any railroad company, it shall be the duty of the Viewers in charge of the work to notify the railroad company, by serving written notice upon the agent of such company or its lessee or receiver, that they will meet the company at the place where the proposed ditch, drain or watercourse crosses the right of way of such company, said notice fixing the time of such meeting, which shall not be less than ten days after the service of the same, for the purpose of conferring with said railroad company with relation to the place where and the manner in which such improvement shall cross such right of way. When the time shall arrive fixed for such conference, unless for good cause more time is agreed upon, it shall be the duty of the Viewers in charge and the railroad company to agree, if possible, upon the place where and the manner and method in which such improvement shall cross such right of way. If the Viewers in charge and the railroad company cannot agree, or if the railroad company shall fail, neglect or refuse to confer with the Viewers, they shall determine the place and manner of crossing the right of way of said railroad company, and shall specify the number and the size of openings required, and the damages, if any, to said railroad company, and so specify

in their report. The fact that the railroad company is required by the construction of the improvement to build a new bridge or culvert, or to enlarge or strengthen an old one, shall not be considered as damages to said railroad company. The Engineer and Viewers shall also assess the benefits that will accrue to the right of way, roadbed and other property of said company by affording better drainage or a better outlet for drainage, but no benefits shall be assessed because of the increase of business that may come to said road because of the construction of the improvement. The benefits shall be assessed at a fixed sum, determined solely by the physical benefit that its property will receive by the construction of said improvement, and it shall be reported by the Viewers as a special assessment, due personally from the railroad company as a special assessment; it may be collected in the manner of an ordinary debt in any Court having jurisdiction.

Civ. '12, § 2221; 1911, XXVII, 92.

(3176) § 36. Notice to Railroad.—The Clerk of the Court of Common Pleas shall have notice served upon the railroad company of the time and place of the meeting to hear and determine the final report of the Engineer and Viewers, and the said railroad company shall have the right to file objections to said report and to appeal from the findings of the Board of Commissioners in the same manner as any landowner. But such an appeal shall not delay or defeat the construction of the improvement.

Civ. '12, § 2222; 1911, XXVII, 92.

(3177) § 37. Manner of Crossing Right of Way—Penalty for Delay—Cost.—After the contract is let and the actual construction is commenced, if the work is being done with a floating dredge, the Superintendent in charge of construction shall notify the railroad company of the probable time at which the contractor will be ready to enter upon the right of way of said road and construct the work thereon. It shall be the duty of said railroad to send a representative to view the ground with the Superintendent of Construction and arrange the exact time at which such work can be most conveniently done. At the time agreed upon the said railroad company shall remove its rails, ties, stringers, and such other obstructions, if such removal should be necessary, to permit the expeditious execution of the work across its right of way. The work shall be so planned and conducted as to interfere in the least possible manner with the business of said railroad. In case the railroad company refuses and fails to make the aforementioned provision for the execution of the work on its right of way, it shall be held as delaying the construction of the improvement, and such company shall be liable to a penalty of twenty-five dollars per day for each day of delay, to be collected by the Board of Drainage Commissioners for the benefit of the drainage district, as in the case of other penalties. Such a penalty may be collected in any Court having jurisdiction and shall inure to the benefit of the drainage district. Within thirty days after the work is completed, an itemized bill for the actual expenses incurred by the railroad company for opening its tracks shall be made and presented to the Superintendent of Construction of the drain-

age improvement. Such bill, however, shall not include the cost of putting in a new bridge or strengthening or enlarging an old one. The Superintendent of Construction shall audit this bill and, if found correct, approve the same and file it with the Secretary of the Board of Drainage Commissioners. The Commissioners shall deduct from this bill the cost of the excavation or other work done by the Drainage Commission on the right of way of said railroad company at the contract price, and pay the difference, if any, to said railroad company.

Civ. '12, § 2223; 1911, XXVII, 92.

(3178) § 38. Control and Repairs.—Whenever any improvement constructed under this Article is completed it shall be under the control and supervision of the Board of Drainage Commissioners: *Provided*, That such parts of public drains as are within the corporate limits of any city or town shall be kept in repair by such city or town, and also that any city or town may convert into a sewer any part of any drain within such corporate limits, and to that end may change the location of any such part of such drain on condition only that such change of location or conversion of such drain into a sewer shall not injuriously affect the general purposes of such drainage, and that no lands outside of such corporate limits shall be charged thereby with any additional burden. It shall be the duty of the said Board to keep the levee, ditch, drain or watercourse in good repair, and for this purpose they may levy an assessment on the lands benefited by the construction of such improvement in the same manner and in the same proportion as the original assessments were made, and the fund that is collected shall be used for repairing and maintaining the ditch, drain or watercourse in perfect order: *Provided, however*, That if any repairs are made necessary by the act or negligence of the owner of any land through which such improvement is constructed or by the act or negligence of his agent or employee, or if the same is caused by the cattle, hogs or other stock of said owner, employee or agent, then the cost thereof shall be assessed and levied against the lands of said owner alone, to be collected by proper suit instituted by the Drainage Commissioners. It shall be unlawful for any person to injure or damage or obstruct or build any bridge, fence or flood gate in such a way as to injure or damage any levee, ditch, drain, or watercourse constructed or improved under the provisions of this Act, and any person causing such injury shall be guilty of a misdemeanor, and, upon conviction thereof, may be fined in any sum not exceeding twice the damage or injury done or caused.

In preparing this assessment roll the Board shall ascertain the total cost of the improvement, including the damages awarded and to be paid to the owners of lands, and all incidental expenses, and deduct therefrom any special assessment made against any railroad or highway, and the remainder shall be the amount to be borne and paid by the lands benefited. This amount shall be assessed against the several tracts of land, according to the benefit received, as shown by the classification and ratio of assessment made by the Viewers and confirmed by the Board of Drainage Commissioners. This drainage tax roll shall be made in duplicate, signed by the Chairman and Secretary, and one copy filed with the drainage record and the other delivered to the Sheriff or other tax collector, except where the land of the district lies in more than one county, when, in addition to the copy of the tax roll, which shall be filed with the drainage records, a copy thereof shall be delivered to the Treasurer of each of the said counties. There shall be appended an order to collect the said assessments, and the same shall have the force and effect of a judgment as in the case of State and county taxes.

In case the total assessment exceeds the average of twenty-five cents per acre on all the lands in the district the said Board of Drainage Commissioners may give notice of three weeks by publication in some newspaper of general circulation in the district, if there be one, and also by posting a written or printed notice at the door of the Court House and at five conspicuous places in the drainage district, that they propose to issue bonds for the construction of said improvement, giving the amount of bonds to be issued, the rate of interest they are to bear and the time when payable. Any landowner having lands assessed in the district and not wanting to pay interest on the bonds may, within thirty days after the publication of said notice, pay the County Treasurer the full amount of his assessment and have his land released therefrom.

Defense—Waiver.—Each and every person owning land in the district which is assessed for the construction of an improvement who shall neglect or fail to pay the full amount of his assessment to the County Treasurer within the time specified, shall be deemed as consenting to the issuing of said drainage bonds, and in consideration of the right to pay his assessment in installments he hereby waives his right to any defense against the collection of said assessment because of any irregularity, illegality or defect in the proceedings prior to this time, except in the case of an appeal, as heretofore provided, which is not affected by this waiver. The term “person,” as used in this Article, includes any firm, company or corporation.

Civ. '12, § 2228; 1911, XXVII, 92.

(3183) § 43. Bond Issue.—After the expiration of the thirty days after the publication the Board of Drainage Commissioners may issue bonds for the full amount of the assessment not paid into the County Treasury, together with the interest thereon, cost of collection or other incidental expenses. These bonds shall bear interest at a rate not exceeding six per cent. per annum, payable semiannually. The bonds shall be payable at a time not less than ten nor more than twenty-five years, and shall be paid up in full at maturity. In order to provide for the payment of bonds at maturity, a “sinking fund” shall be provided as follows: Five years from the date of bond issue and at the same time each succeeding year until maturity of said bonds, the Board of Drainage Commissioners shall collect from the several tracts assessed in the bond issue a sum of money, which, when placed in a bank and interest paid thereon at four per cent., compounded quarterly, shall equal the total assessment against all the tracts in the bond issue at the end of twenty years. This amount shall be placed in some State or National bank of reputable standing, and shall bear four per cent. interest, compounded quarterly. This sum shall be collected along with the interest on the bonds and at the same time and in the same manner as State and county taxes are collected. At the date of maturity of the bonds, the said sum shall be paid over to the bondholders in liquidation of the said bonds. Said funds to be drawn out of the banks of deposit by the Clerk of the Court. In no case shall bonds be issued until the tax levy has been made to meet them as they come due. The bonds issued shall be for the exclusive use of the levee of drainage districts specified on their face, and should be numbered by the Board of Drainage Commissioners and recorded in the drainage record, which record shall set out specifically the lands embraced in the district on which the tax has not been paid in full, and which land is assessed for the payment of the bonds issued and the interest thereon. The interest upon the said bonds shall be paid to the holders thereof by the County Treasurer, on warrant of the County Commissioners, who shall audit and approve the claims of the said bondholders. This assessment shall constitute the first and paramount lien, second only to State and county taxes, upon the lands assessed for the payment of said bonds and the interest thereon as they become due, and shall be collected in the same manner by the same officers as the State and county taxes are collected. If any installment of the principal or interest represented by

the said bonds shall not be paid at the time and in the manner when the same shall become due and payable, and such default shall continue for a period of six months, the holder or holders of such bond or bonds upon which default has been made may have a right of action against said drainage district or the Board of Drainage Commissioners of said district, and any Judge of the Court of Common Pleas may issue a writ of mandamus against the said drainage district, its officers, including the County Commissioners, Auditor or Treasurer, directing the levying of a tax or special assessment as herein provided, and the collection of same, in such sum as may be necessary to meet any unpaid installments of principal and interest and cost of action, and such other remedies are hereby vested in the holder or holders of said bond or bonds in default as may be authorized by law, and the right of action is hereby vested in the holder or holders of such bond, upon which default has been made, authorizing them to institute suit against any officer on his official bond for failure to perform any duty imposed by the provisions of this Article. The official bonds of the County Commissioners and County Treasurer shall be liable for the faithful performance of the duties herein assigned them.

(3184) § 44. Relevy.—Where the Clerk of the Court has confirmed an assessment for the construction of any public levee, ditch or drain, and such assessment has been modified by the Court of superior jurisdiction, but for some unforeseen cause it cannot be collected, the Board of Drainage Commissioners shall have power to change or modify the assessment as originally confirmed to conform to the judgment of the Court of Common Pleas, and to cover any deficit that may have been caused by the order of said Court or unforeseen occurrence. The said relevy shall be made for the additional sum required, in the same ratio on the lands benefited as the original assessment was made.

All other fees and costs incurred under the provisions of this Article shall be the same as provided by law for like services in other cases. If the proposed district is finally established, said costs and expenses shall be paid by order of the Clerk of Court, out of the drainage fund, and the Board of Drainage Commissioners shall issue warrants therefor when funds shall be in the hands of the Treasurer: *Provided*, That if the petition is dismissed at the cost of petitioners, said costs and expenses shall be paid by the petitioners or out of the bond, as hereinbefore set forth: *And provided, further*, That if a loan is procured on the bond as hereinbefore set forth, the same shall be repaid in like manner.

The collection of the assessment shall not be defeated, where the proper notices have been given, by reason of any defect in the proceedings occurring prior to the order of the Clerk of the Court confirming the final report of the Viewers; but such order or orders shall be conclusive and final that all prior proceedings were regular and according to law, unless they were appealed from. If on appeal the Court shall deem it just and proper to release any person or to modify his assessment or liability, it shall in no manner affect the rights and legality of any person other than the appellant, and the failure to appeal from the order of the Clerk of the Court within the time specified shall be a waiver of any illegality in the proceedings, and the remedies provided for in this Article shall exclude all other remedies.

Non-petitioning land owners not benefited cannot be assessed. Moore v. Barry. 30 S. C. 530, 9 S. E. 589, 4 L. R. A. 294.

3. GENERAL HEALTH AFFECTED BY WATER COURSE.—In cases where the general health is seriously affected by the condition of any watercourse, the County Board of Commissioners shall, upon petition and proof of at least one-third of the landowners upon such watercourse, or of one-third of the landowners within two miles on either side of such watercourse, and not less than five miles up and down the stream, which proof shall contain the affidavits of two physicians, one of whom shall practice in the neighborhood, make an estimate of the cost and proceed to drain such watercourse as in cases heretofore provided for; but if, in the opinion of the County Board of Commissioners, the cost of such drainage imposes too heavy an assessment upon the individual landowners upon such watercourse, they shall make a report in writing of the estimate and opinion to the Judge of the Circuit Court at the next ensuing term thereof, and if he approves of such report and estimate, which approval shall be in writing, the County Board of Commissioners shall contract for such drainage, and after levying a fair assessment upon all such property they shall charge the surplus of the cost of such drainage to the county, to be carried into their estimate for the county expenses for the next ensuing year, to be defrayed by a tax levy on all property in said township, to be collected as the State and county taxes are collected.

4. **GENERAL HEALTH AFFECTED BY MILL DAM.**—In cases where the general health of the county or neighborhood be seriously affected by the condition of any mill dam, the County Commissioners of said county shall have the power to remove the cause of such nuisance; but a fair compensation must be paid to the owner thereof, the same to be assessed upon the property of those benefited by the removal of such nuisance. They shall further regulate the condition of all mill dams in said county by requiring the owners thereof to furnish such mill dams with a substantial floodgate, if in their judgment the health of the neighborhood or the drainage of the land above the dams requires a floodgate to be placed in the dam, to be opened at and kept open for such times as the said County Commissioners shall direct: *Provided*, That in Darlington, Florence and Pickens Counties the powers herein conferred shall apply to mill ponds and dams only: *And further*, That this subdivision shall not be construed to oust the Court of General Sessions of jurisdiction to abate any mill pond as a nuisance. Any person or persons ordered by the Board of County Commissioners to put in a floodgate in any mill dam under the provisions of this subdivision who shall fail to do so shall be deemed guilty of a misdemeanor, and shall be punished by a fine not to exceed one thousand dollars, or be imprisoned for not exceeding one year.

ARTICLE IV.

Drainage Districts.

(3211) § 1. **Formation of Drainage Districts—Petition.**—The Sinking Fund Commission of this State, or a majority, either in numbers or in acreage, of the holders of any contiguous body of swamp, wet or overflowed lands, or lands subject to overflow, situate in one or more counties in this State, may form a drainage district for the purpose of having such lands reclaimed and protected from the effects of water, for sanitary or agricultural purposes, or when the same may be conducive to the public health, convenience or welfare, or of public utility or benefit, by drainage or otherwise, and for that purpose the said Sinking Fund Commission, or a majority of the owners, or the owners of a majority of the acreage of said lands may make and sign a petition, in which shall be stated the name of the proposed drainage district, and the number of years the same is to continue; the boundaries of the proposed drainage district; the names so far as known, and the last known postoffice address of the owners of lands in said district, together with the approximate number of acres owned by each; when the name or postoffice address of the owners of any said lands is unknown to the petitioners shall be set out in said petition; said petition shall further state that the owners of the lands within said district whose names are subscribed to said petition are willing to and do obligate and bind the lands owned by them situated in the proposed drainage district to pay the tax or taxes which may be assessed against their respective lands to pay the expense

of organizing and of making and maintaining the improvements that may be necessary to effect the reclamation of said lands, so formed into a drainage district, and to drain and protect the same from the effects of water, and said petition shall contain a prayer asking that the lands described therein be declared a drainage district under the provisions of this Article; said petition may be signed by the Sinking Fund Commission, or by a majority of the owners, or the owners of a majority of the acreage of said lands, or same be signed by both said Commission and owners of lands. After said petition has been so signed the same shall be filed in the office of the Clerk of the Court of Common Pleas of the county in which such lands or the greater part thereof are situate.

1920, XXXI, 663.

(3212) § 2. Publication of Notice—Form—Proof of Publication—Jurisdiction of Cause.—Immediately after such petition shall have been filed, the Clerk in whose office the same has been filed, shall give notice by causing publication to be made once a week for four consecutive weeks in some newspaper published in each county in which the lands referred to in the petition are situate, the last publication to be not less than twenty days before the appearance day fixed in said notice, and said notice shall be substantially in the following form; and it shall be deemed sufficient for all purposes of this Article:

NOTICE OF APPLICATION TO FORM A DRAINAGE DISTRICT.—Notice is hereby given to all persons interested in the following described lands in County, South Carolina, viz.: (here describe the property as set out in the petition), that a petition asking that the foregoing lands be formed into a drainage district under an Act of the Legislature entitled (here insert title of Act), approved....., 1920, has been filed in this office, and that the foregoing lands will be affected by the formation of said drainage district and rendered liable to assessment for the purpose of paying the expenses of organization, and making and maintaining the improvements that may be necessary to effect the reclamation of the lands included in such district, and you and each of you are hereby notified to appear on the day of, at the office of the Clerk of the Court of Common Pleas of County, and show cause, if any there be, why said drainage district as set forth in said petition shall not be organized as a public corporation of the State of South Carolina. Date of first publication 192... Clerk of the Court of Common Pleas of County, South Carolina. The certificate of the Clerk or the affidavit of another, with a copy of said notice affixed, showing that said notice has been published as required by this Article, shall be sufficient evidence of such fact. The Court of Common Pleas of the county in which said petition has been filed shall thereafter maintain and have original and exclusive jurisdiction, coextensive with the boundaries and limits of said districts, without regard to county lines, for all purposes of this Article.

1920, XXXI, 663.

(3213) § 3. **Hearing—Objections—Decision and Decree—Written Consent of Landowners—Amendment of Petition—Filing of Records.**—Any owner of lands in said proposed district who may not have signed said petition, may appear on or before the appearance day stated in said notice and advocate or resist the organization and incorporation of said drainage district; if he shall desire to resist the establishment of the district, he shall file his objection in writing, stating therein his reasons why the said drainage district should not be included therein, or he may deny the statements in said petition. Such objections, if any there be, shall be heard by the Court either in open Court, or at chambers within or without the county or counties where said lands lie, in a summary manner, without unnecessary delay, on a day to be named by the Court or Judge thereof, upon application of the petitioners or any of those signing the said petition. Upon the hearing, which may be adjourned from time to time for good cause shown, of the said objections, if any have been filed, if the Court shall be of the opinion that the establishment of the said drainage district and the improvements to be made thereunder will be for the advantage of the owners of the real property therein or that the same would be in the interest of the public health, convenience or welfare, he shall overrule said objections; and, in case all such objections are overruled, or in case no such objections have been filed, the Court thereupon shall, by its order duly entered of record, declare and decree said drainage district a public corporation of this State, for a term not exceeding the time mentioned in said petition: *Provided*, That no drainage district shall be established or consolidated under any provisions of this Article until there shall have been first obtained the written approval or consent of a majority of the owners, or the owners of a majority in acreage, of the lands within said district; such written approval or consent to be evidenced by the signing of the petition or otherwise. If the Court finds that the lands set out in said petition should not be incorporated into a drainage district, it shall dismiss said proceedings and adjudge the costs against the said petitioners in proportion to the acreage represented by each. Any person having signed the petition shall have no right to have such proceedings dismissed as to him without the written consent of the majority in acreage of the owners who signed said petition. The petition may be amended as any other pleading. Immediately after the said district has been declared a corporation by the Court, the Clerk thereof shall transmit to Secretary of State a certified copy of the findings and decree of the Court incorporating said district, and the same shall be filed in the office of the Secretary of State. A copy of said findings and decree together with a plat of the district showing the outside boundary lines shall also be filed in the office of the Clerk of the Court of Common Pleas in each of the counties having land in said district, where the same shall become a permanent record, and each such Clerk shall receive a fee of \$1.00 for filing and preserving the same.

1920, XXXI, 663.

(3214) § 4. **Election of Supervisors—Terms of Office—Powers of Sinking Fund Commission.**—Within twenty days after any drainage district shall have been organized and incorporated under the provisions of the

previous Sections of this Article the Clerk of the Court in which the petition has been filed shall, upon giving notice by causing publication thereof to be made once a week for two consecutive weeks in some newspaper published in each county in which lands of the district are situate, the last insertion to be not less than ten nor more than fifteen days before the day of such meeting, call a meeting of the owners of the lands situate in said district, at a day and hour specified, at some public place in the county in which the district was organized, for the purpose of electing a Board of three Supervisors, to be composed of owners of the lands in said district, two of whom at least shall be residents of the county or counties in which such district is situate, or some adjoining county; the landowners, when assembled, shall organize by the election of a Chairman and a Secretary of the meeting, who shall conduct the election; at such election each and every acre of land in the district shall represent one share, and each owner shall be entitled to one vote in person or by proxy in writing duly signed, for every acre of land owned by him in such district, and the three persons receiving the highest number of votes shall be declared elected as Supervisors; and said landowners shall at such election determine the length of the terms of each Supervisor so elected by them, which shall be, respectively, one, two and three years, and they shall serve until their successors shall have been elected and qualified. The Sinking Fund Commission of this State at any such meeting may represent the State of South Carolina, and shall have the right to vote for Supervisors or upon any matter that may come properly before said meeting to the extent of the acreage owned by the State in such district, which vote may be cast by any person designated by said Sinking Fund Commission; guardians may represent their wards, executors and administrators may represent estates of deceased persons, and private corporations may be represented by their officers or duly authorized agents: *Provided, however,* That the owners of a majority of the acreage included in such district shall be necessary to constitute a quorum for the purpose of holding such election or any election thereafter, and in case the owners of a majority of the acreage included in such district are not present in person or duly represented at the time and place stated in the notice calling such meeting, then no election shall be held, and notice of such failure shall be given in writing by any person interested to the Sinking Fund Commission of this State, which shall, as soon as practicable, appoint three competent persons who own land in such district as such Supervisors for the term of one, two and three years, respectively, and who shall hold their office until their successors are elected or appointed and qualified. Any such Supervisor so appointed by the Sinking Fund Commission may be removed by the said Board for dishonesty, incompetency or failure to perform the duties imposed upon him by this Article, and any vacancies which may occur in any such office so filled by appointment shall be filled by the said Sinking Fund Commission as soon as practicable.

1920, XXXI, 663.

(3215) § 5. Annual Elections—Vacancies.—Every year in the same month after the time for the election of the first Board of Supervisors, they shall call a meeting of the landowners in the district in the same manner

as is provided for in Section 4, and the owner of land in such district shall meet at the stated time and place and elect one Supervisor therefor, or in case of their failure to elect, the Sinking Fund Commission shall appoint such Supervisor, in like manner as prescribed in the preceding section, who shall hold his office for three years or until his successor is elected and qualified; and in case of a vacancy in an office of Supervisor elected by the landowners, the remaining Supervisors, or if they fail to act within thirty days, the Sinking Fund Commission of this State may fill such vacancy until the next annual meeting, when a successor shall be elected for the unexpired term.

1920, XXXI, 663.

(3216) § 6. Oath of Supervisors.— Each Supervisor before entering upon his official duties shall take and subscribe to an oath before some officer authorized by law to administer oaths, that he will honestly, faithfully and impartially perform the duties devolving upon him in office as Supervisor of the drainage district in which he was elected or appointed and that he will not neglect any of the duties imposed upon him by this Article.

1920, XXXI, 663.

(3217) § 7. Organization of Board of Supervisors—Secretary—Seal—Records—Compensation.— The Board of Supervisors immediately after their election or appointment shall meet at some convenient place and choose one of their number President of the Board, and elect some suitable person Secretary, who may or may not be a member of the Board, and who may be required to execute bond for the faithful performance of his duties as the Board of Supervisors may require. Such Board may adopt a seal with a suitable device, and shall keep a record of all its proceedings in a substantially bound book to be kept for the purpose, which shall be open to inspection by any interested person, his agent or attorney. The Board of Supervisors shall report to the landowners at the annual meeting held under the provisions of Section 5 of what work has been done, either by engineers or otherwise. The members of the Board shall receive their actual expenses incurred in attending the meetings of the Board, and for attending any business for and in behalf of said district, which expense account shall be audited by the Board before payment, but said Board shall receive no compensation for their services unless the landowners at the annual meeting shall determine to pay a compensation, which in no event shall exceed five dollars per day for the time actually engaged in work for the district, and five cents per mile for miles not to exceed one hundred miles actually traveled; mileage, if allowed, shall in no case exceed one hundred miles, and shall be in lieu of all other expenses in attending sessions of the Board: *Provided, however,* That if the Secretary be a member of the Board he shall be entitled to compensation as hereinafter provided.

1920, XXXI, 663.

(3218) § 8. Appointment of Chief Engineer—Bond—Powers—Surveys and Maps.— Within thirty days after organizing the Board of Supervisors shall appoint a Chief Engineer, who may be an individual, copartnership

or corporation, and who shall engage such assistants as the Board of Supervisors may approve. Such Chief Engineer shall enter into a bond with good surety, in a sum to be named by said Board, and which bond and surety shall be approved by said Board, conditioned that he will faithfully and honestly perform all the duties required of him by said Supervisors, and deliver to his successor all instruments, papers, maps, documents and other things that may have come into his hands by virtue of his employment. The Chief Engineer shall have control of the engineering work in said district, and he may, whenever he deems it necessary, confer with the Chief Engineer of this State, or the Sinking Fund Commission, and he may, by and with the consent of the Board of Supervisors, consult any eminent engineer or engineers and obtain his or their opinion and advice concerning the reclamation of lands in said districts. The said Engineer and Engineers shall make all necessary surveys of the land within the boundary lines of said district, as described in the petition, and of all lands adjacent thereto that will be improved or reclaimed in part or in whole by any system of drainage that may be outlined and adopted, and said Engineers shall make a report in writing to the Board of Supervisors, with maps and profiles of said surveys, which report shall contain a full and complete plan for draining, and reclaiming the lands described in the petition or adjacent thereto from overflow or damage by water, with the length, width and depth of such canals, ditches, dykes or levees or other works that may be necessary, in conjunction with any canals, drains, ditches, dykes, levees or other works heretofore constructed or built by any other person or persons, that may now be in process of construction, or which may be hereafter built by them, that may be necessary or which can be advantageously used in such plan for reclamation, and also an estimate of the costs of carrying out and completing the plan of reclamation, including the cost of superintending the same and all incidental expenses in connection therewith; said maps and profiles shall also indicate so far as necessary the physical characteristics of the lands, and location of any public roads, railroads and other rights of way, roadways and other property or improvements located on such lands.

1920, XXXI, 663.

(3219) § 9. Report of Chief Engineer — Plan of Reclamation. — The Chief Engineer shall make a report in writing to the Board of Supervisors once every twelve months and oftener if said Board shall so require. Upon receipt of the final report of said Engineer concerning the surveys made of the lands contained in the district organized and the lands adjacent thereto, and plans for reclaiming the same, the Board of Supervisors shall adopt such report or any modification thereof approved by the Chief Engineer, after consulting with him or someone representing him, and thereafter such adopted report shall be the plan for draining or reclaiming such lands from overflow or damage by waters, and it shall, after such adoption, be known and designated as "The Plan of Reclamation," which plan shall be filed with the Secretary of the Board of Supervisors and by him copied into the records of the district.

1920, XXXI, 663.

(3220) § 10. Assessment for Preliminary Expenses—Provisos.—The Board of Supervisors of any drainage district organized under the provisions of this Article shall as soon as they have organized as provided under the provisions of this Act shall, as soon as they have organized as provided under Section 7 of this Article, levy a uniform assessment (hereafter called a tax) of not exceeding fifty cents per acre upon each acre of land within such drainage district, as defined in the petition and decree incorporating said district, to be used for the purpose of paying expenses incurred or to be incurred in organizing said district, making surveys of the same and assessing benefits and damages, and to pay other expenses necessarily incurred, as may be estimated by said Board and Chief Engineer, before said Board shall be empowered by subsequent provisions of this Article to provide funds to pay the total costs of works and improvements of the district. In case the boundary lines of the district be extended under the provisions of a subsequent section of this Article, so as to include lands not covered by the petition, the same uniform assessment shall be made on such other lands as soon as the same shall have been annexed and included in the district. Such tax shall be due and payable as soon as assessed and become delinquent ninety days thereafter. It shall become a lien upon the land against which it is assessed from the date of assessment and shall be collected in the same manner as the annual installment of tax. In case the sum received for such assessment exceeds the total cost of items for which the same has been levied, the surplus shall be placed in the general fund of the district and now used to pay cost of construction: *Provided*, That if the incorporation of the district be dissolved, as provided in the subsequent sections of this Article, the amount or surplus, if there be any, shall be prorated and refunded to the landowners paying such assessment: *Provided*, That if it shall appear as necessary to obtain funds to pay any expense incurred or to be incurred in organizing said districts before a sufficient sum can be obtained by the collection of said uniform tax, the Board of Supervisors may borrow a sufficient amount of money to meet emergencies at a rate of interest not exceeding eight per cent. per annum, and may issue negotiable notes therefor, signed by the members of the Board, and may pledge any and all assessments made under the provisions of this Section for the repayment thereof. Said Board of Supervisors may issue to any person or persons performing work or services, or furnishing anything of value in the organization of said district, negotiable evidence of debts, bearing interest at not exceeding six per cent.

1920, XXXI, 663.

(3221) § 11. Appointment of Appraisers.— Within twenty days after the adoption of "The Plan of Reclamation" the Secretary of the Board of Supervisors shall prepare and transmit a certified copy thereof to the Clerk of the Court of Common Pleas organizing said drainage district, and at the said time the Board of Supervisors shall file with the said Clerk a petition asking the Judge of said Court to appoint three Commissioners to appraise the lands within and without said district to be acquired for rights of way, holding basins and other drainage works of the district, and to assess benefits and damages accruing to all lands in the district by reason

of the execution of "The Plan of Reclamation." Immediately after the filing of such petition the Judge of said Court, either in open Court or at chambers within or without the county or counties where the lands of said district lie shall, by an order, appoint three Commissioners, who shall be freeholders residing within the State of South Carolina, and who shall not be landowners in said district, nor of kin within the fourth degree of consanguinity to any person owning land in said district. A majority of said Commissioners shall constitute a quorum and shall control the action of the Board on all questions.

1920, XXXI, 663.

(3222) § 12. Meeting of Appraisers—Oath—Organization.—Said Clerk, upon the filing of said order of appointment, shall notify each of said Commissioners of his appointment by written or printed notice, and in the same he shall state the time and place for the first meeting of said Commissioners; the Secretary of the Board of Supervisors or his Deputy shall attend such meeting and shall furnish to said Commissioners a complete list of lands covered by the petition or adjacent thereto, that will be affected by carrying out and putting into effect "The Plan of Reclamation," and the names of the owners of such lands, as shown in the petition and the decree of the Court incorporating the district. Said Secretary shall also furnish to said Commissioners a copy of "The Plan of Reclamation," with maps and profiles in his office. The Commissioners at said meeting, or within ten days thereafter, shall each take and subscribe to an oath that they will impartially discharge their duties as such Commissioner and make a true report of the work done by them. The said Commissioners shall also at said meeting elect one of their own number as Chairman, and the Secretary of the Board of Supervisors, or his deputy, shall be *ex officio* Secretary of said Board of Commissioners during their continuance in office.

1920, XXXI, 663.

(3223) § 13. Duties of Appraisal Commissioners—Assessment of Benefits and Damages—Reports of Commissioners—Compensation—Extension of Boundary Lines of District.—Immediately after qualifying as provided in the previous Section, the Commissioners shall begin their duties; they may at any time call upon the attorney of the district for legal advice and information relative to their duties, and the Chief Engineer or one of his assistants shall accompany said Commissioners when engaged in the discharge of their duties and shall render his opinion in writing when called for. Said Commissioners shall proceed to view the premises and determine the value of all lands, within or without the district, to be acquired and used for rights of way, holding basins or other works set out in "The Plan of Reclamation;" they shall assess the amount of benefits and the amount of damages also, if any, that will accrue to each tract or lot of land according to ownership, public highways, railroads and other rights of way, from carrying out and putting into effect "The Plan of Reclamation" theretofore adopted. The Commissioners in assessing the benefits to lands, public highways, railroads and other rights of way, not traversed by such works and improvements, as provided for in "The Plan

of Reclamation," shall not consider what benefits will be derived by such property after other ditches, improvements, or other plans for reclamation shall have been constructed, but they shall assess only such benefits as will be derived from the construction of the works and improvements set out in "The Plan of Reclamation," or as the same may afford an outlet for drainage or protection from overflow of such property. The Commissioners shall give due consideration and credit to any other canal or canals, drain or drains, ditch or ditches, dyke or dykes, levee or levees, or other systems of reclamation which may have already been constructed and which affords partial or complete protection to any tract or parcel of land in the new district. The public highways, railroads and other rights of way shall be assessed according to the increased physical efficiency and decreased maintenance cost of roadways by reason of the protection to be derived from the proposed works and improvements. The Commissioners shall have no power to change "The Plan of Reclamation" heretofore provided for. The Board of Commissioners shall prepare a report of their findings, which shall be arranged in tabular form, the columns of which shall be headed as follows: Column one, "Owner of property assessed;" column two, "Description of property assessed;" column three, "Number of acres assessed;" column four, "Amount of benefits assessed;" column five, "Amount of damages assessed;" column six, "Number of acres to be taken for rights of way, holding basins, etc.;" column seven, "Value of property to be taken." They shall also, by and with the advice of the Engineer of the district, estimate the costs of the works set out in "The Plan of Reclamation," which estimate shall include the cost of property required for rights of way, holding basins and other works and damages, and the probable expense of organization and administration, as estimated by the Board of Supervisors, and shall tabulate the same. Said report shall be signed by at least a majority of the Commissioners and filed in the office of the Clerk of the Court of Common Pleas organizing such drainage district. The Secretary of the Board of Supervisors, or his Deputy, shall accompany said Commissioners while engaged in their duties, and shall perform all clerical work for said Board; he shall, also, under the advice, supervision and direction of the attorney for the district, prepare their report. Said Board of Commissioners shall report to the Board of Supervisors the number of days each have been employed and the actual expenses incurred. Each Commissioner shall be paid five dollars per day for his services, and necessary expenses in addition thereto. In case the report of said Commissioners shall contain assessments of benefits and damages to lands not included in the original petition as signed and filed, the Board of Supervisors shall file in the office of said Clerk a petition praying that the Court grant permission for the extension of the boundary lines of said district, so as to embrace all lands that will be benefited, as shown by the report of said Commissioners, and after such petition has been filed, the same shall be proceeded with in accordance with the provisions of the Section of this Article governing the extension of boundary lines of districts.

(3224) § 14. Notice of Filing of Report—Form of Notice—Publication.

—Upon the filing of the report of the Commissioners, the Clerk of said Court of Common Pleas shall give notice thereof by causing publication to be made once a week for two consecutive weeks in some newspaper published in each county in the district, the last publication to be made at least ten days before the day to be named in such notice, on which exceptions may be filed. It shall not be necessary for the Clerk to name the parties interested, but it shall be sufficient to say: NOTICE OF FILING COMMISSIONERS' REPORT FOR DRAINAGE DISTRICT. Notice is hereby given that all persons interested in the following described real estate in County (or counties), in the State of South Carolina, viz.: (here give boundaries of district), included within "..... Drainage District," that the Commissioners heretofore appointed to assess benefits and damages to the property and lands situate in said drainage district and to appraise the cash value of the land necessary to be taken for rights of way, holding basins and other works of said district within or without the limits of said district, filed their report in this office on the day of, 19.., and you and each of you are hereby notified that you may examine said report and file exception to all or any part thereof, on or before the first Monday in, 19... First publication, 19... Clerk of the Court of Common Pleas, ... County: *Provided*, That where lands in different counties are contained in said report, the said notice shall be published in some newspaper in each county in which such lands so affected are situate.

1920, XXXI, 663.

(3225) § 15. Exceptions to Report—Hearing and Decision—Condemnation of Lands Needed—Provisos—Acquiescence in Findings—Appeals—Refund of Preliminary Uniform Assessment to Owners of Lands Not Benefited.

—The Board of Drainage Commissioners, the drainage district or any owner of land or other property to be affected by said report may file exceptions to any part or all of the report of said Commissioners within the time specified in the preceding section. All exceptions shall be heard and determined by the Court in a summary manner so as to carry out liberally the purposes and needs of the district. If no exceptions are filed or if it is shown upon the hearing of all of said exceptions that the estimated cost of construction of improvements contemplated in the plan for reclamation is less than the benefits assessed against the lands in said district, the Court shall approve and confirm said Commissioners' report, but if the Court, upon hearing the objections filed, finds that any or all such objections should be sustained it shall order the report changed to conform with such findings, and when so changed the Court shall approve and confirm such report and enter its decree accordingly. The Court shall adjudge and apportion the costs incurred by the exceptions filed, and there shall be condemned any land or other property, within or without the boundary lines of the district, that is shown by the report of the Commissioners to be needed for rights of way, holding basins or other works, or that may be needed for material to be used in constructing said works, following, as nearly as possible, the procedure that is now provided for by law for the

appropriation of land and other property taken for railroads: *Provided*, however, That any property owner may accept the assessments of damages in his favor made by the Commissioners, or acquiesce in their failure to assess damages in his favor, and shall be construed to have done so, unless he gives the Supervisors of the district on or before the time shall have expired for filing exceptions, as heretofore provided, notice in writing that he demands an assessment of his damages by a jury: *Provided*, Any person or party aggrieved may, within ten days after the rendition of final judgment by said Court of Common Pleas, prosecute an appeal to the Supreme Court: *Provided*, That it shall be ascertained and determined that any tract or lot of land or parts thereof upon which the uniform tax authorized and levied as provided in Section 10 of this Article has been paid, will not be benefited by or receive any benefit from the completion of the plan for improvement, then the uniform tax so paid upon such tract, lot or part thereof, shall be refunded and paid to the person paying same.

The Clerk of said Court of Common Pleas shall transmit a certified copy of the Court decree and copy of the Commissioners' report, as confirmed or amended by the Court, to the Secretary of the Board of Supervisors of the district; and the Clerk of said Court shall also transmit a certified copy of the said decree and that part of the said report affecting land in each county to the Clerk of the Court of Common Pleas of each county having lands in the district, or affected by the said report, where the same shall be filed and become a permanent record, and each such Clerk shall receive a fee of one dollar for receiving, filing and preserving same.

1920, XXXI, 663.

(3226) § 16. **Powers of Board of Supervisors; of Chief Engineer—Reports.**—The Board of Supervisors of said district shall have full power and authority to build, construct, excavate and complete any and all works and improvements which may be needed to carry out, maintain and protect "The Plan of Reclamation." To accomplish that end the said Board of Supervisors are hereby authorized and empowered to employ men and teams and to purchase machinery, employ men to operate same and directly have charge of and construct the works and improvements in such manner, or by the use of other or more efficient means than provided for in the plans adopted. They may, in their discretion, let the contract for such works and improvements either as a whole or in sections, and when such contract or contracts are let they shall be advertised and let to the lowest and best bidder, who shall give a good and approved bond with ample security, conditioned that he will well and promptly carry out the contract for such work and improvements, which contract shall be in writing, and to which shall be attached and made a part thereof, complete plans and specifications of the work to be done and improvements to be made under such contract, which plans and specifications shall be prepared by the Chief Engineer and shall be incorporated in and attached to the contract, which contract shall be prepared by the Attorney for the district and approved by the Board of Supervisors and signed by its President and the contractor, and executed in duplicate. The Chief Engineer shall be the Superintendent of all the works and improvements, and shall at least once

each year, and when required, make a full report to said Board of all work done and improvements made, and make suggestions and recommendations to the Board as he may deem proper.

1920, XXXI, 663.

(3227) § 17. Levy of Assessments—Payments of Assessments on Lands of the State—Drainage Tax Record.—After the list of lands, with the assessed benefits and the decree and judgment of Court, have been filed in the office of the Clerk of the Court of Common Pleas, as provided in Section 15 of this Article, then the Board of Supervisors shall, without any unnecessary delay, levy an assessment (hereinafter called a tax) of such portion of said benefits on all lands, railroads and other property in the district to which benefits have been assessed, as may be found necessary by the Board of Supervisors to pay the costs of the completion of the proposed works and improvements as shown in said "Plan of Reclamation" and in carrying out the objects of said districts, and in addition thereto ten per cent. of said total amount for emergencies. —All suits instituted under the preceding Sections shall stand for trial as other equitable actions, unless a continuance be granted for good cause shown within the discretion of the Court; and such continuance, for good cause shown, may be granted as to a part of said lands or defendants without affecting the duty of the Court to dispose finally of the others as to whom no continuance may be granted; and in all cases where no answer has been filed on or before the time for filing same as stated in said notice, said notice having been published as required by the preceding Section, or if answer is filed and the cause shall be decided for plaintiff, the Court by its decree shall grant the relief prayed for; and it shall direct the Sheriff to sell the lands described in the complaint to the highest bidder for cash in hand at public outcry at the Court House door of the county wherein the suit is pending, after having first advertised such sale (such advertisement may include all the lands described in the decree and ordered sold), once each week for three consecutive weeks in some newspaper published in the county; and if all the lands so advertised for sale be not sold on the day as advertised, such sale shall continue from day to day until completed; and said Sheriff shall by proper deeds convey to the purchaser or purchasers the lands so sold, and the title to said land shall thereupon become vested in such purchaser as against all others whomsoever, subject, however, to the liens for all subsequent annual installments of drainage tax: *Provided*, Any landowner shall have the right to redeem any and all lands sold at such sale within one year after the day when the lands are offered for sale: *Provided*, All such suits may be disposed of on oral testi-

(3246) § 36. Compensation of Employees and County and Court Officers.

—The Board of Supervisors, except where otherwise provided, shall, by resolution, at the time of hiring or appointing, provide for the compensation for work done and necessary expense incurred by any officer, engineer, attorney or other employee and shall also pay the fees, per diem and necessary expenses of all Court and county officers who may by virtue of this Article render service to said district. It is understood that the ordinary fee statute does not apply to services rendered under this Article by any county officer, but each such officer shall receive only a reasonable compensation for services actually rendered, the same to be fixed by the Court in which the proceeding is pending, except where otherwise provided in this Article; that said drainage districts or petitioners for such corporations may prepare, write or print all copies of petitions, writs, orders and decrees or other papers, and furnish same to the Clerk or other officer for his use, and in such event said officer shall be entitled to receive as compensation for issuing the said writs and copies of petitions, decrees, orders or other papers, only the reasonable value of the services actually rendered.

1920, XXXI, 663.

(3248) § 38. Correction of Errors—Extension of Boundaries—Notice of Hearing—Objections—Decree.—The Board of Supervisors or the Board of Drainage Commissioners, for and in behalf of any drainage district organized under the provisions of this Article, or the owners of land adjacent to such district, shall have the right to file a petition in the office of the Clerk of the Court organizing said district praying the Court to amend its former decree incorporating the district, by correcting the names of the

landowners, by striking out any such names, or in any other manner amend its decree; said petition may ask permission of the Court to amend or change "the plan of reclamation," or to correct any errors, omissions or other mistakes that have been discovered in "the plan of reclamation;" or said petition may ask that the boundary lines of said district be extended so as to include lands not included in the petition and decree of the Court incorporating the district. If such petition asks the Court's permission to change "the plan of reclamation," or that the boundary lines of such district be in any manner changed, it shall also ask the Court to appoint three Commissioners as provided for under the provisions of Section 11 to appraise the land that shall be taken for rights of way, holding basins, or other works, or assess the benefits and damages to any or all lands, public highways, railroad and other property already in the district or that may be annexed to the district by the proposed amendments, and changes to "the plan of reclamation" or the proposed change in the boundary lines of said district. As soon as said petition shall have been filed the Clerk of the Court shall give notice in the manner and for the time provided for in Section 2 of this Article, said notice to be substantially in the following form:

Any owner of land or other property located in the district or any owner of land or property located outside of the district that will be affected by the proposed changes, amendments, and corrections enumerated in the petition, shall have the right to file objections to the granting of the prayer of said petition on or before the date fixed in said notice. The Court shall hear said petition and all objections that may have been filed against said petition in a summary manner on a day to be named by said Court or Judge thereof upon application of any party interested and enter its decree according to its findings. The Clerk of said Court shall, within ten days after the granting of such decree, transmit a certified copy of the petition to the Secretary of the Board of Supervisors and also shall transmit a copy of the same to each of the Clerks of the Courts of Common Pleas of the counties having land in the district and to the Secretary of State. Each such Clerk shall file and preserve the same in his office, and for such filing and preserving he shall receive a fee of one dollar (\$1.00). If said decree of the Court provides that "the plan of reclamation" may be amended, changed or corrected or the boundary lines of the district extended, the Court shall appoint three Commissioners, possessing the same qualifications as the Commissioners

appointed under the provisions of Section 11 of this Article, to appraise property to be taken, assess benefits and damages and estimate the cost of improvements the same is required of Commissioners acting under the provisions of Section 13 of this Article. Said Commissioners shall make their report in writing and file the same with the Clerk, after which the same shall be proceeded with in the same manner as is now provided for in the previous Sections of this Article for the organization of drainage districts: *Provided*, That if the petition be dismissed the district shall pay the costs, but if the petition be sustained in whole or in part the objectors shall pay the Court costs incurred by reason of such objections.

1920, XXXI, 663.

(3249) § 39. Overseers for Maintenance.—For the purpose of preserving any ditch, drain, dyke, levee or other work constructed or erected under the provisions of this Article, the Board of Supervisors shall have power to appoint an overseer or overseers of the district, who shall hold their positions at the will of the Board. It shall be the duty of such overseer or overseers to keep the canals, ditches, drains, levees, dykes and other works of the district in good repair, and remove all obstructions from canals, ditches, drains, or watercourses within or without said district that may affect the works of the district, and to perform such other duties as may be prescribed by said Supervisors.

1920, XXXI, 663.

(3250) § 40. Issue of Bonds—Denomination—Interest—Maturities—Execution—Sale—Levies for Payment.—The Board of Supervisors may, if in their judgment it seems best, issue bonds not to exceed ninety per cent. of the total amount of the taxes levied under the provisions of Section 17 of this Article, in denominations of not less than one hundred dollars, bearing interest from date at a rate not to exceed six per cent. per annum, payable semiannually, to mature at annual intervals within thirty years, commencing after a period of years not later than ten years, to be determined by the Board of Supervisors, both principal and interest payable at some convenient banking house or trust company's office to be named in said bonds, which said bonds shall be signed by the President of the Board of Supervisors, attested with the seal of said district and by the signature of the Secretary of the said Board. All of said bonds shall be executed and delivered to the Treasurer of said district, who shall sell the same in such quantities and at such dates as the Board of Supervisors may deem necessary to meet the payments for the works and improvements in the district. Said bonds shall not be sold for less than ninety-five cents on the dollar, with accrued interest, shall show on their face the purpose for which they are issued, and shall be payable out of money derived from the aforesaid taxes. A sufficient amount of drainage tax shall be appropriated by the Board of Supervisors for the purpose of paying the principal and interest of the said bonds and same shall, when collected, be preserved in a separate fund for that purpose and no other. All bonds and coupons not paid at maturity shall bear interest at the rate of six per centum per annum from maturity until paid, or until sufficient funds have been deposited at the place of

payment, and the said interest shall be appropriated by the Board of Supervisors out of the penalties and interest collected on delinquent taxes or any other available funds of the district. Any expense incurred in paying said bonds and interest thereon and a reasonable compensation to the bank or trust company for paying same, shall be paid out of other funds in the hands of the District Treasurer and collected for the purpose of meeting the expenses of administration. It shall be the duty of said Board of Supervisors in making the annual tax levy, as heretofore provided, to take into account the maturing bonds and interest on all bonds, and to make provision in advance for the payment thereof. In case the proceeds of the original tax levy made under the provisions of Section 17 of this Article are not sufficient to pay the principal and interest on all bonds issued, then the Board of Supervisors shall make such additional levy or levies upon benefits assessed as are necessary for this purpose, and under no circumstances shall any tax levies be made that will in any manner or to any extent impair the security of said bonds or the fund available for the payment of the principal and interest of the same. Said District Treasurer shall, at the time of the receipt by him of said bonds, execute and deliver to the President of the Board of the said district, a bond with good and sufficient sureties to be approved by the said Board of Supervisors, conditioned that he shall account for and pay over as required by law and as ordered to do by said Board of Supervisors any and all money received by him on the sale of such bonds, or any of them, and that he will only sell and deliver such bonds to the purchaser or purchasers thereof under and according to the terms herein prescribed, and that he will return, duly cancelled, any and all bonds not sold to the Board of Supervisors when ordered by said Board to do so, which said Board shall remain in the custody of said President of said Board of Supervisors, who shall produce the same for inspection or for use as evidence whenever and wherever legally requested so to do. The said District Treasurer shall promptly report all sales of bonds to the Board of Supervisors, which Board shall at reasonable times thereafter prepare and issue warrants in substantially the forms provided in Section 25 of this Article for the payment of the maturing bonds so sold and the interest payments coming due on all bonds sold. Each of said warrants shall specify what bonds and accruing interest it is to pay, and the said District Treasurer shall place sufficient funds at the place of payment to pay the maturing bonds and coupons when due as well as a reasonable compensation to the bank or trust company for paying same. The successor in office of any such District Treasurer shall not be entitled to said bonds or the proceeds thereof until he shall have complied with all the foregoing provisions applicable to his predecessor in office. The aforesaid bond of said District Treasurer may, if the said Board shall so direct, be furnished by a surety or bonding company, which may be approved by said Board of Supervisors: *Provided*, If it should be deemed more expedient to the Board of Supervisors as to money derived from the sale of bonds issued, said Board may by resolution select some suitable bank or banks or other depository as temporary treasurer or treasurers, to hold and disburse said moneys on the orders of the Board as the work progresses, until

such fund is exhausted or transferred to the District Treasurer by order of the said Board of Supervisors. The funds derived from the sale of said bonds or any of them shall be used for the purpose of paying the cost of the drainage works and improvements and such costs, expenses, fees and salaries as may be authorized by law and used for no other purpose.

1920, XXXI, 663.

(3251) § 41. Maintenance Tax.—To maintain and preserve the ditches, drains, or other improvements made pursuant to this Article and to repair and restore the same, when needed, and for the purpose of defraying the current expenses of the district, the Board of Supervisors may, upon the completion of said improvements and on or before the first day of October in each year thereafter, levy an assessment upon each tract or parcel of land within the district, to be known as a "maintenance tax." Said maintenance tax shall be apportioned upon the basis of the net assessments of benefits accruing for original construction, shall not exceed ten per cent. thereof in any one year, and shall be certified to the County Treasurer of each county in which lands of said district are situate in the same time as the annual installment tax is certified, but in a separate column, under the heading "maintenance tax." Said County Treasurer shall demand and collect the maintenance tax and make return thereof and shall receive the same compensation therefor and be liable for the same penalties for failure or neglect so to do as is provided herein for the annual installment tax.

1920, XXXI, 663.

(3252) § 42. Readjustment of Assessments—Petition—Notice—Commissioners — Provisos. — Whenever the owners of twenty-five per cent. or more of the acreage of the lands in the district shall file a petition with the Clerk of the Court organizing the district, stating that there has been a material change in the value of the property in the district since the last previous assessment of benefits and praying for a readjustment of the assessment of benefits for the purpose of making a more equitable basis for the levy of the maintenance tax, the said Clerk shall give notice of the filing and hearing of said petition in the manner and for the time provided for in Section 2 of this Article. Such notice may be in the following form:

Notice is hereby given to all persons interested in the lands included within the Drainage District that a petition has been filed in the office of the Clerk of the Court of Common Pleas of County praying for a readjustment of the assessment of benefits for the purpose of making a more equitable basis for the levy of the maintenance tax in said district, and that said petition will be heard by said Court on the first day of the next term of said Court.

Date of first publication, 19...

.....
Clerk of the Court of Common Pleas County.

Upon the hearing of said petition if said Court shall find that there has been a material change in the values of the lands in said district since the last previous assessment of benefits the Court shall order that there be made a readjustment of the assessment of benefits for the purpose of providing

a basis upon which to levy the maintenance tax of said district. Thereupon the Court shall appoint three Commissioners, possessing the qualifications of Commissioners appointed under Section 11, to make such readjustment of assessments in the manner provided in Section 13 of this Article said Commissioners shall make their report, and the same proceedings shall be had thereon as nearly as may be, as are herein provided for the assessment of benefits accruing for original construction: *Provided*, That in making the readjustment of the assessment of benefits said Commissioners shall not be limited to the aggregate amount of the original or any previous assessment of benefit, and that after the making of such readjustment the limitation of ten per cent. of the annual maintenance tax which may be levied shall apply to the amount of benefits as readjusted: *And provided, further*, That there shall be no such readjustment of benefits oftener than once in five years.

1920, XXXI, 663.

(3253) § 43. **Consolidation of Districts.**—Any two or more adjacent districts, established under this Article whether incorporated in the same or different counties, may be united and consolidated in one district, and such new district and the Board of Supervisors thereof shall have the rights, powers and privileges of any district organized under this Article. In order to effect such consolidation, the Board of Supervisors of each of the original districts shall call an election in the same manner as elections for Supervisors, stating the time, place and object of such election. If a majority of the acreage voting in each district vote in favor of the proposition to unite and consolidate such districts, the Board of Supervisors of each district shall present a petition to the Court of Common Pleas of the county in which the greatest amount of the lands is located, accompanied with a complete return of said election, in which petition shall be stated the names of the original districts, when incorporated, the names of the owners of the lands and the boundaries of the districts. When said petition has been filed the Clerk of said Court shall give notice of such filing in the manner provided for giving notice in Section 2 of this Article, said notice to state substantially the contents of said petition and the objects sought and the term of Court at which said matter is to be heard. Any person owning land in either of said districts, on or before the first day of said Court, may file objections to the regularity or sufficiency of any of the proceedings had in the premises, and if such objections are overruled, or if no objections are made, the Court shall make an order that any two or more of the several districts so asking to be united shall be united and consolidated as one district, under some appropriate designation, with all the rights, powers and privileges of such districts organized under this Article, and the lands so included in the new district shall be subject to all liens, liabilities and obligations of the original districts, and a new Board of Supervisors shall be elected as is now provided in case of election of Supervisors, and all orders made in regard to extension of time, boundaries or uniting districts shall be spread on the records of the Court of Common Pleas and a certified copy thereof shall be filed with the Clerk of the Court of Common Pleas of each county in which any of such lands is located, and also with the Sec-

retary of State, and said Clerk shall receive a fee of one dollar for filing and preserving such certificates.

1920, XXXI, 663.

(3254) § 44. **Extension of Duration of Drainage District.**—Whenever the Board of Supervisors of any district organized under this Article finds that in order to either raise funds to complete “the plan of reclamation,” pay for works already completed, pay bonds outstanding and interest thereon, or interest on the same, restore any works or construct new work or for any other cause, the time for which any such drainage district has been incorporated should be extended, such Board shall call a meeting of landowners of the district in the same manner as is provided for in Section 4 of this Article; the notice shall state the time, place and purpose of such meeting, and that if the majority of acres represented at said meeting be cast in favor of such extension of the district’s corporate existence a petition will be presented to the Court organizing the district, asking for such extension of time. Such meeting shall be conducted in the same manner as is provided in Section 4 of this Article for the election of Supervisors, except that one member of the Board of Supervisors shall act as Chairman of such meeting and the Secretary of the Board or his Deputy shall act as Clerk; and if a majority of the acreage represented at such meeting shall vote in favor of such extension the Board of Supervisors shall, not less than ten days before the next term of the Court of Common Pleas, file a petition with the Clerk of said Court, praying for the extension of the corporate existence of the district, and after filing the said petition the same proceedings shall be had as is provided for in previous Sections of this Article relating to the incorporation of the district. If such petition be granted by the Court, within ten days thereafter, the said Clerk shall transmit a copy of the decree to the Secretary of the Board of Supervisors, a copy of the same to the Secretary of State and to the Clerk of the Court of Common Pleas of each county having land in the district, who shall file and preserve the same in his office, and for such service he shall receive a fee of one dollar (\$1.00). In case the Court should find that such extension should not be allowed said petition shall be dismissed and the cost incurred in the case be paid by the district.

1920, XXXI, 663.

(3255) § 45. **Addition to “Plan of Reclamation”—Additional Tax for Expenses—Not to Exceed Total Benefits.**—Where the work set out in “the plan of reclamation” of any drainage district is found insufficient to reclaim in whole or in part any or all of the lands of the district the Board of Supervisors shall have the right to formulate new or amended plans containing new canals, ditches, levees or other works, and additional assessments may be made in conformity with the provisions of Section 13, the same to be made in proportion to the increased benefits accruing to the lands because of the additional works. If it should be found at any time that the amount of total tax levied under the provisions of Section 17 is insufficient to pay cost of works set out in “the plan of reclamation” or additional work done under the provisions of this Section the Board of Supervisors

may make an additional levy to provide funds to complete the work: *Provided*, The total of all levies of such tax does not exceed the total amount of benefits assessed.

1920, XXXI, 663.

(3256) § 46. Officers and Employees Subject to Removal.—The Board of Supervisors may at any time remove any officer, attorney, Chief Engineer or other employee appointed or employed by said Board.

1920, XXXI, 663.

(3257) § 47. Connection With Existing Drains—Consent of Supervisors.—At the time of the construction in any district incorporated under this Article of "the plan of reclamation" hereinbefore referred to, all canals, ditches or systems of drainage already constructed in said district and all watercourses shall, if necessary to the drainage of any lands in said district, be connected with and made a part of the works and improvements of the plan of drainage of said district. But no canals, ditches, drains, or systems of drainage constructed in said district shall be connected therewith unless the consent of the Board of Supervisors shall be first had and obtained, which consent shall be in writing and shall particularly describe the method, terms and conditions of such connection, and shall be approved by the Chief Engineer. Said connection, if made, shall be in strict accord with the method, terms and conditions laid down in said consent. If the landowner or owners wishing to make such connection are refused by the Board of Supervisors or decline to accept the consent granted, the said landowner or owners may file a petition for such connection in the Court of Common Pleas having jurisdiction in said district, and the matter in dispute shall in a summary manner be decided by said Court, which decision shall be final and binding on the district and landowner or owners. No connection with the works or improvements of said district or with any canal, ditch, drain or artificial drainage wholly within said district shall be made, caused or effected by any landowner or owners, company or corporation, municipal or private, by means of or with any ditch, drain, cut, fill, road-bed, levee, embankment or artificial drainage, wholly without the limits of said district, unless such connection is consented to by the Board of Supervisors, or in the manner hereinbefore provided.

(3258) § 48. Payment of Assessments in Full.—Any person or corporation, copartnership or other parties owning land assessed for the construction of any canal, ditch, or other improvement under the provisions of this Article, shall have the privilege of paying such assessment to the Treasurer of the Board of Supervisors at any time on or before a date to be fixed by the Board of Supervisors and the amount to be paid shall be the full amount of the tax levied, less any amount added thereto to meet interest. When such tax assessment has been paid, the Secretary of the Board shall enter upon the drainage tax record opposite each tract for which payment is made the words "paid in full," and such tax assessment shall be deemed satisfied, and the Secretary of the Board of Supervisors shall also make or

cause to be made the same entry opposite each tract for which payment is made in the table included in the certificate filed in the office of the Clerk of the Court of Common Pleas under the provisions of Section 22 of this Article.

1920, XXXI, 663.

(3259) § 49. Tributary Ditches — Condemnation Over Intervening Lands.—Any landowner within a drainage district organized under this Article may construct ditches to drain his lands into the public ditches; and if any intervening landowner should refuse permission to cross his land with such ditch, the landowner seeking to construct such ditch may by proceedings, to be conducted in the same manner as condemnation proceedings instituted by railroads, condemn a right of way for ditch. In such proceedings the jury shall deduct from the damages the benefits that will accrue to such intervening landowner by the construction of such ditch, and such intervening landowner shall have the right to use such ditch for the drainage of his own land.

1920, XXXI, 663.

(3260) § 50. Bonds a Lien—Enforcement of a Tax Levy by Mandamus.—All bonds issued by any Board of Supervisors under the provisions of this Article shall be secured by a lien on all lands and other property benefited in the district, and the Board of Supervisors shall see to it that a tax is levied annually and collected under the provisions of this Article, so long as it may be necessary to pay any bond issue or obligation contracted under its authority; and the making of said assessment and collection may be enforced by mandamus.

1920, XXXI, 663.

(3262) § 52. Clauses of Article Independent.—Any clause of this Article which may for any reason be declared unconstitutional or invalid may be eliminated from this Article, and the remaining portion or portions of said Article shall remain in force and be valid as if such invalid portion thereof had not been incorporated therein.

1920, XXXI, 663.

(3263) § 53. Provisions of Article Cumulative — Reorganization of Existing Districts.—This Article shall not be construed to be repugnant to, in conflict with, or as repealing any other law or laws of this State relating to the organization or incorporation of levee or drainage districts, but shall be held and construed to be cumulative thereto: *Provided*, Any drainage district in this State heretofore organized, in process of organization, or that may hereafter be organized under the provisions of any previous or existing laws of this State, either general or special, may elect to become and be reorganized under the provisions of this Article; and any proceedings now pending for the organization or establishment of any drainage district under the provisions of any such laws may be discontinued, if it be deemed desirable, and proceedings commenced under this Article, and any work previously done, if the same be useful in complying with the terms of this Article, may be adopted and utilized by the Board of Supervisors, upon payment of the reasonable value thereof, payable out of the funds herein provided for expenses.

ARTICLE I.

Commercial Fertilizers.

(3283) § 1. **Fertilizers to Be Analyzed.**—The Board of Trustees of Clemson Agricultural College, to prevent the practice of fraud and imposition in the manufacture and sale of cotton seed meal, fertilizers and fertilizing material containing nitrogen, potash, or phosphoric acid, sold or offered or exposed for sale, whether manufactured or mined within or without the State, shall cause the same to be analyzed and inspected.

Civ. '12, § 2315; Civ. '02, § 1529; 1896, XXII, 93; 1904, XXIV, 476; 1909, XXVI, 197. *Germofert Mfg. Co. v. Cathcart*, 104 S. C. 125, 88 S. E. 535; *Richmond Guano Co. v. Kirkpatrick*, 111 S. C. 469, 98 S. E. 327.

(3284) § 2. **Clemson College to Analyze Fertilizers Without Requiring Name of Manufacturer.**—It shall be the duty of Clemson Agricultural and Mechanical College to analyze samples of commercial fertilizers, manure, or cotton seed meal furnished by a citizen of this State, as now required by law, without requiring the purchaser of said fertilizers to give the name of the manufacturers or the manufacturers' analysis. The person sending such sample shall furnish the said college with the name of the manufacturer of such fertilizer and the ingredients thereof immediately

after the receipt of the analysis of such fertilizer: *Provided, however,* That it shall be the duty of any citizen sending samples to Clemson College for analysis to give to the college the names of the fertilizer ingredients represented to be in said fertilizer.

Civ. '12, § 2316; 1911, XXVII, 121.

(3285) § 3. Copy of Label of Brands of Fertilizers to Be Filed With Board of Trustees of Clemson Agricultural College—Contents of Certificates—Sale of Unregistered Fertilizer Unlawful—Waiver by Purchaser No Defense.—Every person or corporation engaged in the manufacture and sale of fertilizers or commercial manures or cotton seed meal in this State, before selling or offering for sale, shall file with the Board of Trustees of Clemson Agricultural College of South Carolina true and correct copy of the printed label, or stamp, required by a subsequent Section, to be printed on each and every bag, barrel or package of fertilizer, or fertilizing material, of the various brands, which the said person or corporation proposes to offer for sale within the State until the first of November next following; also a certificate showing the source from which the phosphoric acid, ammonia and potash guaranteed in each of the said brands of fertilizers or commercial manures so offered for sale is derived. And, in addition stating that any filler used in said brands of fertilizer is harmless, and if soil has been used, that the same was not taken nearer than twelve (12) inches from the surface of the ground. It shall be unlawful for any manufacturer, mixer, or other person, either by themselves or through their agents, to sell or offer for sale in this State any fertilizer or fertilizing materials which have not been registered with the said Board of Trustees, as required by this Article. The fact that the purchaser waives any of the provisions of this Article shall be no protection to said party selling or offering the same for sale.

1920, XXXI, 1150.

(3286) § 4. Contents of Labels.—Every person or corporation, before selling or offering for sale in this State any commercial fertilizer or fertilizing material, shall brand on each bag or package the brand name of the fertilizer, the weight of the package, the name and address of the manufacturer, and the minimum percentage only guaranteed to be present of available phosphoric acid, of nitrogen (ammonia equivalent), and of potash soluble in water. The items shall be printed on the package in the following order:

Weight of each package.

Brand name or trade-mark.

Guaranteed analysis:

Available phosphoric acid..... per cent.

Ammonia equivalent of nitrogen..... per cent.

Potash soluble in water..... per cent.

Name and address of the manufacturer.

In addition to the above there must be printed on the package, or on a tag attached thereto, the per cent. of water soluble nitrogen (ammonia equivalent), guaranteed, within such limits as the said Board of Trus-

tees, or a committee thereof, may prescribe. And, in addition, further, it must be stated whether the potash is derived from muriate or sulphate. And, in addition, further, the per cent. of borax or other substance, or substances, injurious to plants must be stated, if in excess of limits prescribed by the Board of Trustees, or a committee thereof: *Provided*, The said Board of Trustees, or a committee thereof, shall have power to direct in what manner the branding and labeling shall be done.

"High Grade" meal must contain not less than six and fifty-eight one-hundredths per cent. of nitrogen equivalent to eight per cent. of ammonia; "Standard" meal must contain not less than five and seventy-six one-hundredths per cent. of nitrogen equivalent to seven per cent. of ammonia, and any cotton seed meal containing less than five and seventy-six per cent. of nitrogen, equivalent to seven per cent. of ammonia, shall be known and branded as "Low Grade:"

Provided, That all meal manufactured from Sea Island cotton seed shall be branded "Sea Island Cotton Seed Meal," and the guaranteed analysis shall not be less than three and seven-tenths per cent. of nitrogen, equivalent to four and one-half per cent. of ammonia, and the same shall be printed on the package. That in all cases where cotton seed meal is sold purely as cotton seed meal, there shall be no other source of ammonia than that derived from the cotton seed, and in the event that any other kind of ammonia is put into said cotton seed meal sold purely as cotton seed meal, the person, firm, or corporation or manufacturer offering same for sale, or selling same, shall be liable to a penalty of one dollar per bag of every lot of cotton seed meal so sold or offered for sale.

(3289) § 7. Inspection Tax.—For the purpose of defraying the expenses connected with the inspection of commercial fertilizers sold, or exposed or offered for sale, in this State, and experiments relative to the value thereof, all companies, corporations, or persons engaged in the manufacture or sale of commercial fertilizers shall pay to the State Treasurer an inspection tax of twenty-five cents per ton (2,000 pounds) for such commercial fertilizers sold, or exposed, or offered for sale in this State, in order to entitle the same to inspection and delivery, and shall attach to each package a tag, furnished by the said Board of Trustees, or a committee thereof, as evidence that said tax has been paid. Nothing contained in this Section shall interfere with fertilizers passing through the State in transit, nor restrict or avoid sales of acid phosphate, cotton seed meal, or other fertilizing materials to each other by importers, manufacturers, or manipulators who mix fertilizers for sale and have registered their brands, as required by the provisions of this Act.

(3290) § 8. Tags to Be Cancelled.—All persons, companies or corporations engaged in the manufacture or sale of fertilizers or commercial manures or cotton seed meal shall cancel all tags or stamps used as evidence that said inspection tax has been paid by stamping such tags or stamps with the name of the person or persons, company or corporation selling, shipping or manufacturing, also the date of shipment or delivery. No railroad or common carrier shall receive for shipment or delivery from any person or persons, company or corporation any fertilizers or commercial manures or cotton seed meal with the tags or stamps bearing date of cancellation thirty or more days prior to delivery for shipment.

(3291) § 9. "Commercial Fertilizer" Defined—Proviso.—For the purpose of this Article a commercial fertilizer is hereby defined as any material, substance or mixture which contains, or is claimed to contain, more than one per cent. of total phosphoric acid, or of potash or of nitrogen: *Provided*, That the following substances, lime, limestone, marl, unground bones, stock-pen manure, barnyard manure, or the excrement of any domestic animal

shall be exempt from the provisions of this Article, in case that said manure or excrement has not been dried or manipulated or otherwise treated, or is not claimed to have a value of more than four dollars a ton.

1920, XXXI, 1150.

(3292) § 10. Analysis.—The Board of Trustees of the Clemson Agricultural College of South Carolina shall cause one or more analyses to be made annually of such commercial fertilizers sold, or offered for sale, under the provisions of this Article, as may be sampled under their direction, and in accordance with such regulations as they may adopt. For this purpose the said Board of Trustees, or a committee thereof, shall appoint or cause to be appointed a sufficient number of inspectors, who shall secure for the Board samples of said commercial fertilizers, and shall cause said samples to be forwarded to the Clemson Agricultural College, there to be analyzed in accordance with the methods of the Association of Official Agricultural Chemists, and otherwise experimented with, and who shall perform such other duties as the said Board may direct. And the said Board of Trustees shall also employ a Chief Chemist, with such assistants skilled in agricultural chemistry as may be necessary, whose duty it shall be to analyze said fertilizers and other materials as may be required by said Board, and who shall make regular reports to the Board of the results of all the analyses of officially drawn samples of fertilizers and fertilizing materials, which shall be published in bulletins, and shall be ready for distribution as directed by the said Board.

(3293) § 11. Certificate of Chief Chemist as Evidence.—In the trial of any suit or action, wherein is called in question the value or composition of any fertilizer, a certificate, signed by the Chief Chemist, setting forth the analysis made by the Chief Chemist, or under his direction, of the sample of said fertilizer analyzed under the provisions of this Article, shall be *prima facie* proof that the fertilizer was of the value and consistency shown by the said analysis.

And said person, company or corporation shall cancel all stamps or tags used, as evidence that said inspection tax has been paid, by stamping such tags or stamps with the name of the person, company or corporation selling, offering for sale, or shipping, also the date of shipment or delivery of such fertilizers. No railroad or common carrier shall receive for shipment or delivery from any person, company or corporation any commercial fertilizers or fertilizing materials with tags or

Inspection of Fertilizer Factories, Etc.—That in order to carry out the provisions of this Article, any officer or agent of the said Board of Trustees, or of a committee thereof, authorized by them for the purpose, may, at any hour during the daytime or nighttime, enter any factory, plant, car or other place, in which any fertilizer or substances designed or intended for use as a fertilizer is stored, to be shipped or sold, and may inspect the contents and operation thereof; and it is hereby made a condition to the shipment or delivery for shipment of any fertilizer from any such factory, plant or car, that such inspection be permitted by the owner or operator thereof.

1914, XXVIII, 661; 1920, XXXI, 1150.

(3296) § 14. Annual Table of Values to Be Published by Board of Trustees of Clemson Agricultural College—Liability for Deficiency—Penalties—Collection and Division Among Consumers.—That on or before the first day of January, any year, the said Board of Trustees of the Clemson Agricultural College shall publish the relative values per pound and per unit of the various ingredients of a complete fertilizer, viz.: Available phosphoric acid, ammonia equivalent of nitrogen and potash soluble in water, and furnish the same to any person or corporation engaged in the manufacture of or sale of commercial fertilizers in this State upon application therefor; and that said valuation shall be the guide by which the party selling fertilizers shall estimate the value thereof for the next succeeding twelve months. That any vendor or manufacturer of commercial fertilizers, manures or cotton seed meal, whose goods or wares shall fall short in commercial value guaranteed by the analysis appearing on sack, tag or vessel holding the same when delivered to the consumer, shall be liable to the consumer for the same per centum in selling price as the goods have fallen short in per centum of the commercial value found upon analysis made of the goods: *Provided*, That if the fertilizer or fertilizing materials fall short ten per cent. of the commercial value guaranteed by the analysis appearing on the sack, tag or vessel holding the same when delivered to the consumer, that then the seller or manufacturer shall be liable to the consumer for one-third of the selling value thereof, which amount is to be deducted from the amount of the consumer's indebtedness; and if the consumer has paid for the said goods, then the consumer can collect the same from the seller or manufacturer by due process of law: *Provided, further*, That if any of the ingredients constituting any brand of fertilizer, or fertilizing materials, or cotton seed meal sold in this State, fall short of the guaranteed analysis appearing on the sack, tag or vessel holding the same as follows: In available phosphoric acid, thirty points (which shall mean three-tenths of one unit) on goods guaranteed up to ten per cent.; forty points (which shall mean four-tenths of one unit) on goods guaranteed over ten per cent. of available phosphoric acid: in ammonia or potash as follows: Fifteen points

(which shall mean fifteen one-hundredths of one unit) on goods guaranteed up to one and one-half per cent., inclusive; ten per cent. of the ingredients on goods guaranteed above one and one-half per cent. up to and including three per cent. goods; thirty-five points (which shall mean thirty-five one-hundredths of one unit) on goods guaranteed four per cent.; forty points (which shall mean four-tenths of one unit) on goods guaranteed above four per cent., up to and including eight per cent.; fifty points on goods guaranteed over eight per cent., that then the manufacturer or seller shall be liable to the consumer for four times the commercial value of the entire deficiency in available phosphoric acid or potash as found by analysis, and three times the commercial value of the entire deficiency in ammonia, as found upon analysis of the goods, to be deducted from the consumer's indebtedness; and if the consumer has paid for the said goods, then the consumer can collect the same from the seller or manufacturer by due process of law. The penalty herein provided for shall apply to each ingredient, respectively, that may fall short as herein provided: *And provided, further*, That the seller of any fertilizer or fertilizing material falling short of the per cent. of ingredients at which the same may be billed or charged, shall be subject to a penalty of at least three times the value of such difference thereof, to be recovered in any Court of jurisdiction by the consumer, but this proviso shall not apply to mixed fertilizers, or to cotton seed meal, to be recovered in any Court of competent jurisdiction of this State by the purchaser of same, and if the purchaser be a dealer in such materials, and have sold same to consumers of same, he shall disburse *pro rata* to such consumers to whom he sold the same penalties he recovers: *Provided, further*, That all penalties herein imposed for deficiencies in guaranteed analysis of any fertilizer, fertilizing material or cotton seed meal shall be entirely for the benefit of the ultimate consumer of such fertilizer, fertilizing material or cotton seed meal, and no such penalty, or part thereof, except as hereinafter authorized, shall accrue to any dealer in fertilizer, fertilizing material or cotton seed meal: *Provided*, That upon the assessment of a fine or penalty by the Board of Trustees of Clemson College, or a committee thereof, or by judgment in an action at law as herein provided, the net total of such fine or judgment shall be paid over to the dealer who sold or offered for sale such deficient fertilizer, fertilizing material or cotton seed meal, which said dealer shall, within thirty days thereafter, distribute *pro rata* ninety per cent. of such penalty, fine or judgment to the consumer to whom such goods as shall have been found deficient were sold; said dealer retaining ten per cent. of such penalty, fine or judgment for his services. And any dealer who received such fine, penalty or judgment, and who shall refuse so to distribute the records thereof upon demand within thirty days after the receipt thereof, or any dealer who shall refuse or neglect to accept and distribute said penalties or judgment shall be guilty of a misdemeanor, and, upon conviction, shall be fined not more than one hundred (\$100.00) dollars, or imprisoned not exceeding ten days, or both, in the discretion of any Court of competent jurisdiction: *Provided*, That nothing herein contained shall relieve any manufacturer, manipulator or mixer who shall have sold his goods direct to the consumer, from paying

over to such consumer the full amount of any fine, penalty or judgment which may have been imposed or found on account of any deficiency in guaranteed analysis.

Civ. '12, §§ 2324, 2329; 1904, XXIV, 476; 1909, XXVI, 197; 1920, XXXI, 1150.

(3297) § 15. Weight of Packages—Penalties for Short Weight.—All fertilizers or fertilizing materials sold or offered for sale for use within this State, shall be in a package of one hundred or two hundred pounds each, except as hereinafter provided (Section 18): *And provided, further,* That this Section shall not apply to foreign imported goods in original packages. The weight of the package of fertilizers shall be ascertained at the time of the delivery to the purchaser in the presence of at least two disinterested witnesses, one chosen by purchaser and one by seller, and the purchaser shall, within five days thereafter, notify the seller to make good such deficiency, and upon failure of the seller to do so within twenty days thereafter, he shall pay a penalty equal to the value of the goods, which penalty shall become recoverable by the State, one-half of the penalty so recovered to be paid to the purchaser, in the case of a sale, and the other half to be paid into the State Treasury, subject to the order of the Board of Trustees of Clemson College: *Provided,* If any such seller shall refuse, decline or neglect to choose a witness as herein prescribed, after having been notified or requested to do so, then he, or they, shall have forfeited their right to do so, and the purchaser shall select two witnesses who shall in turn select a third, and they shall proceed to ascertain said weight.

Civ. '12, § 2324; 1920, XXXI, 1150.

(3298) § 16. Sale, Transportation or Receipt of Fertilizers Not Properly Branded and Tagged Cause of Forfeiture—Recovery.—Every person, company, common carrier, or corporation who shall sell, offer for sale or transport in this State, or receive after sale, any commercial fertilizer or fertilizing material, without being properly branded, or having attached thereto such labels and tags as required by law, or who shall use, or permit to be used, the required label or tag for a second time, and any person who shall receive any such fertilizer, shall forfeit to the State a sum equal to the selling price of each separate package sold, offered for sale, or received, to be recovered by suit brought in the name of the State in any Court of competent jurisdiction; such forfeitures, when collected, shall be paid to the State Treasurer, who shall hold the same subject to the order of the Board of Trustees of the Clemson Agricultural College of South Carolina: *Provided, further,* That the penalty defined in this Section shall apply also to any misbranded fertilizer; a fertilizer being deemed to be misbranded if it carries any false or misleading statement upon, or attached to, the package.

1920, XXXI, 1150.

(3299) § 17. Action by the State.—The State may maintain an action in any Court of competent jurisdiction against the vendor or owner of any fertilizer, fertilizing material or cotton seed meal sold in this State or offered or exposed for sale in this State, or shipped or transported within

or into the State in violation of law, to recover the fines and penalties due for the illegal sale, shipment or transportation thereof, regardless of the domicile or place of residence of such owner or vendor, and shall have a lien upon said fertilizer, fertilizing material and cotton seed meal, as well as upon any and all other fertilizers, fertilizing material and cotton seed meal to be found within the State belonging to the offending party or parties, to secure the payment of said fines or penalties and costs and expenses of such action, which lien shall be enforced by attachment of such fertilizers, fertilizing materials and cotton seed meal, under a writ of attachment to be issued in accordance with the practice prescribed in Chapter IV, Title VII, Part II, Code of Civil Procedure, Volume I, Code of Laws of South Carolina, 1922, except that no security, as required of other plaintiffs by said Chapter, Code of Civil Procedure, need be given by the State in such action. That any seller of commercial fertilizers manufactured beyond this State shall be taken and deemed to be an agent of the manufacturer of said fertilizer for the purpose of the service of process, and of such papers as may be necessary in the commencement of any action or suit in any Court of competent jurisdiction authorized under this Article: *And provided, further*, That if there be judgment in favor of this State as plaintiff in such action, and the fertilizers, fertilizing material and cotton seed meal may be ordered sold under execution to satisfy such judgment, an inspector shall, under direction of the Board of Trustees of Clemson Agricultural College, or a committee thereof, prior to said sale, draw proper samples from such fertilizer, fertilizing material and cotton seed meal, and cause the same to be analyzed by the chemist of said college, or under his direction, and shall affix to the package thereof the inspection tags and brand, a statement of the result of such analysis on each package, as required by this Article, so that the purchaser at the Sheriff's or Constable's sale may purchase said fertilizer, fertilizing material and cotton seed meal under a full guaranteed analysis, as provided by law: *Provided, however*, That the Board of Trustees of Clemson College, or a committee thereof, may remit, in whole or in part, upon payment of the expenses incident to an investigation, any penalty herein provided for except the penalties provided for deficiency in analysis, where the offending person or corporation is able to show that its violation of this Article was beyond its reasonable ability to prevent; such remission of penalty by the Board of Trustees of Clemson College, or a committee thereof, to be on such condition as to it may seem equitable and fair.

Civ. '12, § 2326; 1904, XXIV, 476; 1909, XXVI, 197; 1920, XXXI, 1150.

(3300) § 18. **Sales of Fertilizer Material in Bulk** — Manufacturers, jobbers, dealers or manipulators of commercial fertilizers may sell acid phosphate or other fertilizing material in bulk to persons, individuals or firms, who desire to purchase the same for their own use on their own lands in this State, but not for sale, under such rules and regulations prescribed by the Board of Trustees of the Clemson Agricultural College, or a committee thereof, as are not inconsistent with the provisions of this Article: *Provided*, That inspection tax shall be paid on such fertilizer as provided in Section 7. But if such bulk fertilizer is offered for sale it

must be tagged and branded and otherwise accord with provisions of this Article.

No association shall issue stock to a member until it has been fully paid for. The promissory notes of the members may be accepted by the association as full or partial payment. The association shall hold the stock as security for the payment of the note, but such retention as security shall not affect the members' right to vote. Except for debts lawfully contracted between him and the association, no member shall be liable for the debts of the association to an amount exceeding the sum remaining unpaid on his membership fee or his subscription to the capital stock, including any unpaid balance on any promissory notes given in payment thereof. No stockholder of a co-operative association shall own more than one-half of the issued common stock of the association; and an association, in its by-laws, may limit the amount of common stock which one member may own to any amount less than one-twentieth of the issued common stock.

No member or stockholder shall be entitled to more than one vote. Any association organized with stock under this Act may issue preferred stock, with or without the right to vote. Such stock may be redeemable or retirable by the association on such terms and conditions as may be provided for by the articles of incorporation and printed on the face of the certificate. The by-laws shall prohibit the transfer of the common stock of the association to persons not engaged in the production of the agricultural products handled by the association, and such restrictions must be printed upon every certificate of stock subject thereto.

The association may, at any time, except when the debts of the association exceed fifty (50%) per cent. of the assets thereof, buy in or purchase its common stock at book value thereof as conclusively determined by the board of directors and pay for it in cash within one (1) year thereafter.

1921, XXXII, 339.

(3417) § 15. Charges Against Officers—Filing—Hearing—Vote Upon Removal.—Any member may bring charges against an officer or director by filing them in writing with the secretary of the association, together with a petition signed by ten (10%) per cent. of the members, requesting the removal of the officer or director in question. The removal shall be voted upon at the next regular or special meeting of the association, and, by a vote of a majority of the members, the association may remove the officer or director and fill the vacancy. The director or officer against

whom such charges have been brought shall be informed in writing of the charges previous to the meeting and shall have an opportunity at the meeting to be heard in person or by counsel and to present witnesses; and the person or persons bringing the charges against him shall have the same opportunity.

In case the by-laws provide for the election of directors by districts with primary elections in each district, then the petition for removal of director must be signed by twenty (20%) per cent. of the members residing in the district from which he was elected. The board of directors must call a special meeting of the members residing in that district to consider the removal of the director. By a vote of the majority of the members of that district, the director in question shall be removed from office.

The contract may provide that the association may sell or resell the products of its members, with or without taking title thereto; and pay over to its members the resale price, after deducting all necessary selling, overhead and other costs and expenses, including interest on preferred stock, not exceeding eight (8%) per cent. per annum, and reserves for retiring the stock, if any; and other proper reserves; and interest not exceeding eight (8%) per cent. per annum upon common stock.

The by-laws and the marketing contract may fix, as liquidated damages, specific sums to be paid by the member or stockholder to the association upon the breach by him of any provision of the marketing contract regarding the sale or delivery or withholding of products; and may further provide that the member will pay all costs, premiums for bonds, expenses and fees in case any action is brought upon the contract by the association; and any such provisions shall be valid and enforceable in the Courts of this State.

In the event of any such breach or threatened breach of such marketing contracts by a member, the association shall be entitled to an injunction to prevent the further breach of the contract, and to a decree of specific performance thereof. Pending the adjudication of such an action and upon filing a verified complaint showing the breach or threatened breach, and upon filing a sufficient bond, the association shall be entitled to a

temporary restraining order and preliminary injunction against the member.

1921, XXXII, 339.

(3420) § 18. Issue of Preferred Stock for Property Purchased.—Whenever an association organized hereunder with preferred capital stock, shall purchase the stock or any property, or any interest in any property of any person, firm, or corporation or association, it may discharge the obligations so incurred, wholly or in part, by exchanging for the acquired interest, shares of its preferred capital stock to an amount which at par value would equal a fair market value of the stock or interest so purchased, as determined by the board of directors. In that case the transfer to the association of the stock or interest purchased shall be equivalent to payment in cash for the shares of stock issued.

If such corporations are warehousing corporations, they may issue legal warehouse receipts to the association or to any other person and such legal warehouse receipts shall be considered as adequate collateral to the extent of the current value of the commodity represented thereby. In case such warehouse is licensed, or licensed or bonded under the laws of this State or the United States, its warehouse receipt shall not be challenged or discriminated against because of ownership or control, wholly or in part, by the association.

Distributees*, 3 Hill 204.

The following five paragraphs from the monograph on annual interest, by the Hon. Silas Johnston, late of Newberry, at page 165 of Appendix to his Equity Digest, is a concise summary of the law in relation to the subject.

1. The rate of interest prescribed by law attaches to a debt after it becomes due, unless by the terms of the contract, expressed or necessarily implied, the rate fixed on its face is to continue after the maturity of the contract. *Henderson v. Laurens*, 2 DeS. Eq. 170; *Gaillard v. Bail*, 1 Nott & McC. 67; *Langston v. R. R. Co.*, 2 S. C. 248; *Bell v. Bell*, 25 S. C. 149; *Briggs v. Wisnsmith*, 10 S. C. 132; *Maner v. Wilson*, 16 S. C. 470; *Carolina Savings Bank v. Parrott*, 30 S. C. 61, 8 S. E. 199; *Smith v. Smith*, 33 S. C. 210, 11 S. E. 761; *Sharpe v. Lee*, 14 S. C. 341; *Kennedy v. Boykin*, 25 S. C. 61, 14 S. E. 809; *Bank v. Miller*, 39 S. C. 175, 17 S. E. 592; *Thatcher v. Massey*, 20 S. C. 542.

A higher rate after maturity was held contracted for in *Mobley v. Devaga*, 16 S. C. 75; *Watkins v. Lang*, 17 S. C. 18; *Bowen v. Barksdale*, 33 S. C. 142, 11 S. E. 640; *Miller v. Hall*, 18 S. C. 141. Where a higher than legal rate is to be paid after maturity, but no time is stipulated within which such rate is to be paid, it continues until payment in full. *Ellis v. Sanders*, 32 S. C. 584, 16 S. E. 824.

2. Where a party contracts to pay a sum of money, with interest thereon, at a given day, when the day arrives the interest becomes principal, and if the debt be not paid, the aggregate of principal and interest then bears interest, for the future. *Doig v. Barkley*, 3 Rich. L. 125; *DeBuhl v. Neuffer*, 3 Strob. L. 426; *Singleton v. Allen*, 2 Strob. Eq. 166; *Carolina Savings Bank v. Parrott*, 30 S. C. 61, 8 S. E. 199; *Bowen v. Barksdale*, 33 S. C. 142, 11 S. E. 640.

3. On a bond due at twelve months, or at a shorter time than twelve months, with annual interest from its date, the interest accrues annually, as well after as before the debt falls due. *Singleton v. Lewis*, 2 Hill 408; *O'Neal v. Bookman*, 9 Rich. L. 80; *Sharp v. Lee*, 14 S. C. 341; *Westfield v. Westfield*, 19 S. C. 85.

Same principle applied where monthly interest was reserved in *Piester v. Piester*, 23 S. C. 139. 4. The contract being for the payment of a sum of money, at a longer time than twelve months, with annual interest from its date, annual interest is to be computed up to the day the debt falls due, and simple interest afterwards, until the debt is paid off. *Gibbes v. Chisholm*, 2 N. & McC. 38;

O'Neill v. Sims, 1 Strob. L. 115; DeBruhl v. Neuffer, 1 Strob. L. 426; Westfield v. Westfield, 19 S. C. 85; Wilson v. Kelly, Ib. 161; Ehrhardt v. Varn, 51 S. C. 550, 29 S. E. 225.

Same principle where monthly interest was reserved was applied in Smith v. Smith, 33 S. C. 210, 11 S. E. 761.

5. If the contract be, by express stipulation or by reasonable implication, to pay interest annually beyond the time fixed for the payment of the principal, if forbearance should extend beyond that time, annual interest is recoverable after the maturity of the obligation as well as before. O'Neill v. Bookman, 9 Rich. L. 80; Wright v. Eaves, 10 Rich. Eq. 582.

Action for usury against National Banking Association must be brought within two years under U. S. Revised Statutes, Section 5198. Garfinkle v. Bank of Charleston, N. B. A., 79 S. C. 404, 60 S. E. 942.

Mortgage may be referred to to ascertain interest on bond. Ex parte Powell, 74 S. C. 193, 54 S. E. 236.

(3637) § 3. Law of This State Regulating Interest Governs Contracts Secured by Realty Mortgage.—All contracts secured by mortgage of real estate situate within this State shall be subject to and construed by the laws of this State regulating the rate of interest allowed, and in all other respects, without regard to the place named for the performance of the same.

In contracts made prior to above Act, where a contract was made in one State to be performed in another, the parties could, in good faith, stipulate for the rate of interest allowed in either State. As to remedy and relief to be afforded, if the contract is usurious, the *lex fori* prevails. Meares v. Finlayson, 55 S. C. 105, 32 S. E. 986; Carpenter v. Lewis, 60 S. C. 23, 38 S. E. 244, 249.

- (1) It must be in writing and signed by the maker or drawer;
- (2) Must contain an unconditional promise or order to pay a sum certain in money;
- (3) Must be payable on demand, or at a fixed or determinable future time;
- (4) Must be payable to order or to bearer; and
- (5) Where the instrument is addressed to a drawee, he must be named or otherwise indicated therein with reasonable certainty.

(3653) § 2. The Sum Payable.—The sum payable is a sum certain within the meaning of this Article, although it is to be paid:

- (1) With interest; or
- (2) By stated installments; or
- (3) By stated installments, with a provision that upon default in payment of any installment or of interest, the whole shall become due; or
- (4) With exchange, whether at a fixed rate or at the current rate; or
- (5) With costs of collection or an attorney's fee, in case payment shall not be made at maturity.

Note dated in 1901 containing provision for 10 per cent. attorney's fees in case of collection is non-negotiable. *Green v. Spires*, 71 S. C. 107, 50 S. E. 554, 4 Am. & Eng. Ann. Cas. 261. See *Machine Co. v. Badham*, 81 S. C. 63, 61 S. E. 1031.

(3654) § 3. Unliquidated Order or Promise.—An unqualified order or promise to pay is unconditional within the meaning of this Article, though coupled with:

- (1) An indication of a particular fund out of which reimbursement is to be made, or a particular account to be debited with the amount; or
- (2) A statement of the transaction which gives rise to the instrument.

But an order or promise to pay out of a particular fund is not unconditional.

- (2) On or before a fixed or determinable future time specified therein; or
- (3) On or at a fixed period after the occurrence of a specified event, which is certain to happen, though the time of happening be uncertain.

An instrument payable upon a contingency is not negotiable, and the happening of the event does not cure the defect.

(3656) § 5. When Instrument Non-negotiable.—An instrument which contains an order or promise to do any act in addition to the payment of money is not negotiable. But the negotiable character of an instrument otherwise negotiable is not affected by a provision which:

- (1) Authorizes the sale of collateral securities in case the instrument be not paid at maturity; or
- (2) Authorizes a confession of judgment if the instrument be not paid at maturity; or
- (3) Waives the benefit of any law intended for the advantage or protection of the obligor; or
- (4) Gives the holder an election to require something to be done in lieu of payment of money.

But nothing in this Section shall validate any provision or stipulation otherwise illegal.

(3657) § 6. When Validity Not Affected.—The validity and negotiable character of an instrument are not affected by the fact that:

- (1) It is not dated; or
- (2) Does not specify the value given, or that any value has been given therefor; or
- (3) Does not specify the place where it is drawn or the place where it is payable; or
- (4) Bears a seal; or
- (5) Designates a particular kind of current money in which payment is to be made.

But nothing in this Section shall alter or repeal any statute requiring in certain cases the nature of the consideration to be stated in the instrument.

(1) Where it is expressed to be payable on demand, or at sight, or on presentation; or

(2) In which no time for payment is expressed.

Where an instrument is issued, accepted, or endorsed when overdue, it is, as regards the person so issuing, accepting, or endorsing it, payable on demand.

(1) A payee who is not maker, drawer, or drawee; or

(2) The drawer or maker; or

(3) The drawee; or

(4) Two or more payees jointly; or

(5) One or some of several payees; or

(6) The holder of an office for the time being.

(1) When it is expressed to be so payable; or

(2) When it is payable to a person named therein or bearer; or

(3) When it is payable to the order of a fictitious or nonexisting person, and such fact was known to the person making it so payable; or

(4) When the name of the payee does not purport to be the name of any person; or

(5) When the only or last endorsement is an endorsement in blank.

(3662) § 11. Date of Instrument Prima Facie True Date.—Where the instrument or an acceptance or any endorsement thereon is dated, such date

is deemed *prima facie* to be the true date of the making, drawing, acceptance, or endorsement as the case may be.

(3663) § 12. When Invalid.—The instrument is not invalid for the reason only that it is antedated or postdated: *Provided*, This is not done for an illegal or fraudulent purpose. The person to whom an instrument so dated is delivered acquires the title thereto as of the date of delivery.

Patterson v. Orangeburg Fert. Co., 117 S. C. 140, 108 S. E. 401.

(3664) § 13. Date May Be Inserted When Undated.—Where an instrument expressed to be payable at a fixed period after date is issued undated, or where the acceptance of an instrument payable at a fixed period after sight is undated, any holder may insert therein the true date or acceptance, and the instrument shall be payable accordingly. The insertion of a wrong date does not avoid the instrument in the hands of a subsequent holder in due course; but as to him, the date so inserted is to be regarded as the true date.

(3665) § 14. Instrument May Be Completed — When.—Where the instrument is wanting in any material particular, the person in possession thereof has a *prima facie* authority to complete it by filling up the blanks therein. And a signature on a blank paper delivered by the person making the signature in order that the paper may be converted into a negotiable instrument operates as a *prima facie* authority to fill it up as such for any amount. In order, however, that any such instrument when completed may be enforced against any person who became a party thereto prior to its completion, it must be filled up strictly in accordance with the authority given and within a reasonable time. But if any such instrument, after completion, is negotiated to a holder in due course, it is valid and effectual for all purposes in his hands, and he may enforce it as if it had been filled up strictly in accordance with the authority given and within a reasonable time.

Patterson v. Orangeburg Fert. Co., 117 S. C. 140, 108 S. E. 401.

(3666) § 15. When Incomplete Instrument Invalid.—Where an incomplete instrument has not been delivered it will not, if completed and negotiated without authority, be a valid contract in the hands of any holder, as against any person whose signature was placed thereon before delivery.

Patterson v. Orangeburg Fert. Co., 117 S. C. 140, 108 S. E. 401.

(3667) § 16. When Contract Irrevocable.—Every contract on a negotiable instrument is incomplete and revocable until delivery of the instrument for the purpose of giving effect thereto. As between immediate parties, and as regards a remote party other than a holder in due course, the delivery, in order to be effectual, must be made either by or under the authority of the party making, drawing, accepting or endorsing, as the case may be; and in such case the delivery may be shown to have been conditional, or for a special purpose only, and not for the purpose of transferring the property in the instrument. But where the instrument is in the hands of a holder in due course, a valid delivery thereof by all parties prior to him so as to make them liable to him is conclusively presumed. And where the instrument is no longer in the possession of a party whose signature appears thereon, a valid and intentional delivery by him is presumed until the contrary is proved.

(3668) § 17. Language Ambiguous.—Where the language of the Instrument is ambiguous, or there are omissions therein, the following rules of construction apply:

(1) Where the sum payable is expressed in words and also in figures and there is a discrepancy between the two, the sum denoted by the words is the sum payable; but if the words are ambiguous or uncertain, references may be had to the figures to fix the amount;

(2) Where the instrument provides for the payment of interest, without specifying the date from which interest is to run, the interest runs from the date of the instrument, and if the instrument is undated, from the issue thereof;

(3) Where the instrument is not dated, it will be considered to be dated as of the time it was issued;

(4) Where there is a conflict between the written and printed provisions of the instrument, the written provisions prevail;

(5) Where the instrument is so ambiguous that there is doubt whether it is a bill or note, the holder may treat it as either at his election;

(6) Where a signature is so placed upon the instrument that it is not clear in what capacity the person making the same intended to sign, he is to be deemed an endorser;

(7) Where an instrument containing the words "I promise to pay" is signed by two or more persons, they are deemed to be jointly and severally liable thereon.

otherwise expressly provided. But one who signs in a trade or assumed name will be liable to the same extent as if he had signed in his own name.

Additions to Signature.—Where the instrument contains or a person adds to his signature words indicating that he signs for or on behalf of a principal, or in a representative capacity, he is not liable on the instrument if he was duly authorized; but the mere addition of words describing him as an agent, or as filling a representative character, without disclosing his principal, does not exempt him from personal liability.

(3683) § 32. What Must Consist of.—The endorsement must be an endorsement of the entire instrument. An endorsement, which purports the transfer to the endorsee a part only of the amount payable, or which purports to transfer the instrument to two or more endorsees severally, does not operate as a negotiation of the instrument. But where the instrument has been paid in part, it may be endorsed as to the residue.

(3685) § 34. Special Endorsement.—A special endorsement specifies the person to whom, or to whose order, the instrument is to be payable; and the endorsement of such endorsee is necessary to the further negotiation of the instrument. An endorsement in blank specifies no endorsee, and an instrument so endorsed is payable to bearer, and may be negotiated by delivery.

(3686) § 35. How Endorsements Converted.—The holder may convert a blank endorsement into a special endorsement by writing over the signature of the endorser in blank any contrast consistent with the character of the endorsement.

(3687) § 36. Restrictive Endorsement.—An endorsement is restrictive which either:

- (1) Prohibits the further negotiation of the instrument; or
- (2) Constitutes the endorsee the agent of the endorser; or
- (3) Vests the title in the endorsee in trust for or to the use of some other person.

But the mere absence of words implying power to negotiate does not make an endorsement restrictive.

(3688) § 37. What Conferred by It.—A restrictive endorsement confers upon the endorsee the right:

- (1) To receive payment of the instrument;
- (2) To bring any action thereon that the endorser could bring;
- (3) To transfer his rights as such endorsee, where the form of the endorsement authorizes him to do so.

But all subsequent endorsees acquire only the title of the first endorsee under the restrictive endorsement.

Patterson v. Orangeburg Fert. Co., 117 S. C. 140, 108 S. E. 401.

(3689) § 38. Qualified Endorsement.—A qualified endorsement constitutes the endorser a mere assignor of the title to the instrument. It may be made by adding to the endorser's signature the words "without recourse" or any words of similar import. Such an endorsement does not impair the negotiable character of the instrument.

(3690) § 39. Conditional Endorsement — When Disregarded.—Where an endorsement is conditional, a party required to pay the instrument may disregard the condition, and make payment to the endorsee or his transferee, whether the condition has been fulfilled or not. But any person to whom an instrument so endorsed is negotiated, will hold the same, or the proceeds thereof, subject to the rights of the person endorsing conditionally.

(3693) § 42. Payable to "Cashier."—When an instrument is drawn or endorsed to a person as "cashier" or other fiscal officer of a bank or corporation, it is deemed *prima facie* to be payable to the bank or corporation of which he is such officer; and may be negotiated by either the endorsement of the bank or corporation, or the endorsement of the officer.

(3882) § 3. The nearest route by railroad shall be taken in each case as the distance between the points: *Provided*, That notice be given to the receiving common carrier that prompt shipment of such freight is required, and, when requested, such common carrier shall insert in the bill of lading the words, "Prompt shipment required," which shall be conclusive evidence of such notice, and each such common carrier shall extend such notice to its connecting line or be liable for the consequences of its failure to do so.

Any common carrier failing to furnish such statement shall forfeit to the party demanding it, one dollar a day for each day in default, to be recovered as aforesaid: *Provided, further*, That if any such common carrier shall prove that no delay in violation of this Chapter occurred in the transportation of such freight after receipt thereof by it, and that it extended the notice that prompt shipment was required to its connecting line, and that, by the exercise of due diligence, it was unable to discover the cause of delay or the name of the common carrier responsible therefor, it shall be excused from liability under this Chapter: *Provided*, That provisions of this Chapter shall not apply to any common carrier by water routes.

That there may be recovered in the same action, and included in the same verdict, all the amounts above provided for: *Provided, however,* That so much of this Section as provides for a penalty of five times the value of the property converted shall have no application when the common carrier has converted the said property in consequence of a wreck of the car in which the property being transported is contained; when the conversion is in consequence of the property being so damaged in transportation as to render it unfit for the purpose intended, or when the common carrier through error, delivers the property being transported to the wrong consignee.

(3886) § 7. Responsibility of Carriers Under Certain Contracts—Loss or Damage to Be Adjusted—Fine.—In every case of loss, damage, destruction or failure to deliver any property by a common carrier shipped over its line or any connecting line, it shall be the duty of the initial, every intermediate and terminal carrier, upon notice of such loss, damage, destruction, or failure to deliver out within forty days or to trace such property lost, damaged, or destroyed, and inform the said party so notify-

ing when, where and by which carrier the said property was lost, damaged, or destroyed within said forty days. Every carrier, failing or refusing to trace such property and inform the notifying party as above stated, within forty days after such notice, shall be liable for the full amount of the claim for loss, damage, destruction, or failure to deliver, in the same manner and to the same extent as if such loss, damage, destruction, or failure to deliver occurred on its line, and, in addition thereto, a penalty of fifty dollars, upon each claim, to be recovered in any Court of competent jurisdiction, in the same action with the claim, or in a separate action. The claimant shall also be entitled to recover interest on his claim from the date of filing same. If such initial, intermediate or terminal carrier upon the trial of the case, shall prove that it exercised due diligence and was unable to trace the property and inform as above provided, it shall thereupon be excused from liability under this Section. This Section shall in no way repeal any other provisions of this Chapter: *Provided*, That only one penalty shall be recoverable upon the same cause of action: *And provided, further*, That the actions authorized hereunder may be commenced in any county in the State in which the carrier with which the claim is filed is engaged in business.

Charge that omits so much as exonerates carrier if it is unable to trace line upon which damage occurred, is defective. (3887) § 8. Freight Adjustments to Be Made in Certain Time.—Every claim for freight overcharged or for loss of or damage to property and baggage, while in the possession of such common carrier, shall be adjusted and paid within thirty (30) days in case of shipments wholly within this State and within forty (40) days in case of shipments from without this State, after the filing of such claim with the agent of such carrier at the point of destination of such shipment; when there is no agent at such point, then such claim to be filed with the agent at the nearest station to such point of destination having an agent: *Provided*, That no such claim shall be filed until after the arrival of the shipment, or of some part thereof, at the point of destination, or until after the lapse of a reasonable time for the arrival thereof. In every case such common carrier shall be liable for the amount of such loss or damage, together with interest thereon from the date of the filing of the claim therefor until the payment thereof. Failure to adjust and pay such claim within the periods respectively herein prescribed shall subject each common carrier so failing to a penalty of fifty dollars for each and every such failure, to be recovered by any consignee or consignees aggrieved in any Court of competent jurisdiction: *Provided*, That unless such consignee or consignees recover in such action the full

amount claimed no penalty shall be recovered, but only the actual amount of the loss or damage, with interest as aforesaid: *Provided, further*, That no common carrier shall be liable under this Section for property which never came into its possession if it complies with the provisions of Section 7 above.

(4026) § 24. **Dissolution of Corporation—Liquidation.**—At any meeting specially called to consider the subject, the members, upon the unanimous recommendation of the board of directors, may vote to dissolve the corporation, provided at least two-thirds of the members are present at such meetings, and provided not more than ten members, either in person or by written notice, object thereto. A committee of three members shall thereupon be elected to liquidate the assets of the corporation, and each share of the capital stock, according to the amount paid in thereon, shall be entitled to its proportion of the proceeds after all deposits and debts of the corporation have been paid.

(3) The names, residences and official titles of all the officers, trustees, directors or other persons who are to have and exercise the general control and management of the affairs and funds of the association for the first year or until the ensuing election, at which all such officers shall be elected by the supreme legislative or governing body, which election shall be held not later than one year from the date of the issuance of the permanent certificate. Such articles of incorporation and duly certified copies of the constitution and laws, rules and regulations, and copies of all proposed forms of benefit certificates, applications therefor and circulars to be issued by such association, and a bond in the sum of five thousand dollars, with sureties approved by the Insurance Commissioner, conditioned upon the return of the advance payments, as provided in this Section, to applicants, if the organization is not completed within one year, shall be filed with the Insurance Commissioner, who may require such further information as he deems necessary, and if the purposes of the association conform to the requirements of this Article, and all provisions of law have been complied with, the Insurance Commissioner shall so certify and retain and record (or file) the articles of incorporation, and furnish the incorporators a preliminary certificate authorizing said association to solicit members as hereinafter provided. Upon receipt of said certificate from the Insurance Commissioner said association may solicit members for the purpose of completing its organization and shall collect from each applicant the amount of not less than one regular monthly payment, in accordance with its table of rates as provided by its constitution and laws, and shall issue to each such applicant a receipt for the amount so collected. But no such association shall incur any liability other than for such advanced payments, not issue any benefit certificate, nor pay or allow, or offer or promise to pay or allow, to any person any death or disability benefit until actual *bona fide* applications for death benefit certificates have been secured upon at least five hundred lives for at least one thousand dollars each, and all such applicants for death benefits shall have been regularly examined by legally qualified practicing physicians, and certificates of such examinations have been duly filed and approved by the chief medical examiner of such association; nor until there shall be established ten subordinate lodges or branches into which said five hundred applicants have been initiated; nor until there has been submitted to the Insurance Commissioner, under oath of the president and secretary, or corresponding officers of such association, a list of such applicants, giving their names, addresses, date examined, date approved, date initiated, name and number of the subordinate branch of which each applicant is a member, amount of benefits to be granted, rate of stated periodical contributions, which shall be sufficient to provide for meeting the mortuary obligation contracted when valued for death benefits upon the basis of the National Fraternal Congress Table of Mortality, as adopted by the National Fraternal Congress August 23, 1899, or any higher standard at the option of the association, and for disability benefits by tables based upon reliable experience and for combined death and permanent total disability benefits by tables based upon reliable experience, with an interest assumption not higher than four per cent. per annum; nor

until it shall be shown to the Insurance Commissioner by the sworn statement of the treasurer or corresponding officer of such society that at least five hundred applicants have each paid in cash at least one regular monthly payment as herein provided per one thousand dollars of indemnity to be effected, which payments in the aggregate shall amount to at least twenty-five hundred dollars; all of which shall be credited to the mortuary or disability fund on account of such applicants, and no part of which may be used for expenses. Said advanced payments shall, during the period of organization, be held in trust, and, if the organization is not completed within one year as hereinafter provided, returned to said applicants. The Insurance Commissioner may make such examination and require such further information as he deems advisable, and upon presentation of satisfactory evidence that the association has complied with all the provisions of law, he shall issue to each association a certificate to that effect. Such certificate shall be *prima facie* evidence of the existence of such association at the date of such certificate. The Insurance Commissioner shall cause a record of such certificate to be made and a certified copy of such record may be given in evidence with like effect as the original certificate. No preliminary certificate granted under the provisions of this Section shall be valid after one year from its date, or after such further period, not exceeding one year, as may be authorized by the Insurance Commissioner, upon cause shown; unless the five hundred applicants herein required have been secured and the organization has been completed as herein provided; and the article of incorporation and all proceedings thereunder shall become null and void in one year from the date of said preliminary certificate, or at the expiration of said extended period, unless such society shall have completed its organization and commercial business as herein provided. When any domestic association shall have discounted business for the period of one year, or has less than four hundred members, its charter shall become null and void. Every such association shall have the power to make a constitution and by-laws for the government of the association, the admission of its members, the management of its affairs and the fixing and readjusting of the rates of contribution of its members from time to time; and it shall have the power to change, alter, add to or amend such constitution and by-laws and shall have such other powers as are necessary and incidental to carrying into effect the objects and purposes of the association.

(4146) 4. Existing Associations.—Any association now engaged in transacting business in this State may exercise, after the passage of this Article, all of the rights conferred thereby, and all of the rights, powers and privileges now exercised or possessed by it under its charter or articles of incorporation not inconsistent with this Article, if incorporated; or, if it be a voluntary association, it may incorporate hereunder. But no association already organized shall be required to reincorporate thereunder, and any such society may amend its articles of incorporation from time to time in the manner provided therein or in its constitution and laws, and all such amendments shall be filed with the Insurance Commissioner and shall become operative upon such filing, unless a later time be provided in such amendments or in its articles of incorporation, constitution or laws.

1919, XXXI, 171.

(4147) § 5. **Powers of Such Associations.**—Every association transacting business under this Article may provide for the payment of natural or accidental death benefits, and may provide for the payment of benefits in case of temporary or permanent physical disability, either as the result of disease or accident. Such association shall have the power to grant surrender values, not to exceed the net value of the certificates, less any surrender charges specified by the laws of the association, and may provide for the placing of and payment for monuments to the memory of its deceased members. And each such association shall keep a separate fund for expenses, and no part of any other fund shall be used for expenses or in collecting, disbursing or investing the reserve or disability funds, but all such expenses shall be paid out of the expense fund of such association.

Civ. '12, § 2751; 1910, XXVI, 554.

(4148) § 6. **Benefits Payable by Fraternal Benefit Associations—Premium Loans—Paid-Up Insurance.**—Every association transacting business under this Article shall provide for the payment of death benefits, and may provide for the payment of benefits in case of temporary or permanent physical disability, either as the result of disease, accident or old age: *Provided*, The period of life at which the payment of benefits for disability on account of old age shall commence shall not be under seventy years, and may provide for monuments or tombstones to the memory of its deceased members, and for the payment of funeral benefits. Such association shall have the power to give a member, when permanently disabled or on attaining the age of seventy, all or such portion of the face value of his certificate as the laws of the association may provide: *Provided*, That nothing in this Article contained shall be so construed as to prevent the issuing of benefit certificates for the term of years less than the whole of life which are payable upon the death or disability of the member occurring within the term for which the benefit certificate may be issued. Such association shall, upon written application of the member, have the power to accept a part of the periodical contributions in cash, and charge the remainder, not exceeding one-half of the periodical contribution, against the certificate with interest payable or compounded annually at a rate not lower than four per cent. per annum: *Provided*, That this privilege shall not be granted except to associations which have readjusted or may hereafter readjust their rates of contributions to an adequate basis, based on a standard mortuary table, and to contracts affected by such readjustments. Any association which shall show by the annual valuation hereinafter provided for that it is accumulating and maintaining the reserve not lower than the usual reserve computed by the American Experience Table and four per cent. interest may grant to its members on extended and paid-up protection, or such withdrawal equities as its constitution and laws may provide: *Provided*, That such grants shall in no case exceed in value the portion of the reserve to the credit of such members to whom they are made.

1919, XXXI, 171.

(4149) § 7. **Separation of Funds—Basis of Valuation.**—Any association may create, maintain, invest, disburse and apply an emergency, sur-

plus or other similar fund in accordance with its laws. Unless otherwise provided in the contract, such funds shall be held, invested and disbursed for the use and benefit of the association, and no member or beneficiary shall have or acquire individual rights therein or become entitled to any apportionment or the surrender of any part thereof except as provided in Section 6 of this Article. The funds from which benefits shall be paid and the funds from which the expenses of the association shall be defrayed shall be derived from periodical or other payments by the members of the society and accretions of said funds: *Provided*, That no association shall hereafter be incorporated which does not provide for stated periodical contributions sufficient to provide for meeting the mortuary obligations contracted, when valued upon the basis of the National Fraternal Congress Table of Mortality as adopted by the National Fraternal Congress August 23, 1899, or any higher standard with interest assumption not more than four per cent. per annum, nor shall any such association be admitted to transact business in this State which does not provide for stated periodical contributions sufficient to provide for meeting the mortuary obligations contracted when valued upon one of the bases named in Section 31 of this Article and applicable thereunder to such association. No association, domestic or foreign, shall hereafter be incorporated or admitted to write or accept members for permanent disability benefits except upon tables based upon reliable experience with an interest assumption not higher than four per cent.

1919, XXXI, 171.

(4150) § 8. Reserve to Meet Liabilities.—Deferred payments or installments of claims shall be considered as fixed liabilities on the happening of the contingency upon which such payments or installments are thereafter to be paid. Such liability shall be the present value of such future payments or installments upon the rate of interest and mortality assumed by the association for valuation, and every association shall maintain a fund sufficient to meet such liability regardless of proposed future collections to meet any such liabilities.

1919, XXXI, 171.

(4151) § 9. To Whom Death Benefits May Be Paid.—The payment of death benefits shall be confined to wife, husband, relative by blood to the the fourth degree, ascending or descending, stepfather, stepmother, stepchildren, children by legal adoption, or to a person or persons dependent upon the member: *Provided*, That if, after the issuance of the original certificate the member shall become dependent upon the charity of an individual or of an institution, he shall have the privilege, with the consent of the association, to make such individual or institution his beneficiary. Within the above restrictions each member shall have the right to designate his beneficiary, and from time to time have the same changed in accordance with the laws, rules or regulations of the association, and no beneficiary shall have or obtain any vested interest in the said benefit until the same has become due and payable upon the death of said member: *Provided*,

That any association may, by its laws, limit the scope of beneficiaries within the above classes.

(4152) § 10. Fraternal Benefit Societies May Insure Children Dependent on Members.—Any fraternal benefit society authorized to do business in this State and operating on the lodge plan may provide in its constitution and by-laws, in addition to other benefits provided for therein, for the payment of death or annuity benefits upon the lives of children between the ages of two and eighteen years at next birthday for whose support and maintenance a member of such society is responsible. Any such society may at its option organize and operate branches for such children, and membership in local lodges and initiation therein shall not be required of such children, nor shall they have any voice in the management of the society. The total benefits payable as above provided shall in no case exceed the following amounts at ages at next birthday at time of death, respectively, as follows: Two, thirty-four dollars; three, forty dollars; four, forty-eight dollars; five, fifty-eight dollars; six, one hundred and forty dollars; seven, one hundred and sixty-eight dollars; eight, two hundred dollars; nine, two hundred and forty dollars; ten, three hundred dollars; eleven, three hundred and eighty dollars; twelve, four hundred and sixty dollars; thirteen to fifteen, five hundred and twenty dollars, and sixteen to eighteen years, where not otherwise authorized by law, six hundred dollars, 1919, XXXI, 124.

Conditions of Insurance.—No benefit certificate as to any child shall take effect until after medical examination or inspection by a licensed medical practitioner in accordance with the laws of the society, nor shall any such benefit certificate be issued unless the society shall simultaneously put in force at least five hundred such certificates, on each of which at least one assessment has been paid, nor where the number of lives represented by such certificate fall below five hundred. The death benefit contributions to be made upon such certificate, shall be based upon the "Standard Industrial Mortality Table" or the "English Life Table Number Six," at a rate of interest not greater than four per cent. per annum, or upon a higher standard: *Provided*, That contributions may be waived or returns may be made from any surplus held in excess of reserve and other liabilities, as provided in the by-laws: *And provided, further*, That extra contributions shall be made if the reserves hereafter provided for become impaired.

1919, XXXI, 124.

(4154) § 12. Reserve.—Any society entering into such insurance agreement shall maintain on all such contracts the reserve required by the standard of mortality and interest adopted by the society for computing contributions, as provided in Section 11, and the funds representing the benefit contributions and all accretions thereon shall be kept as separate and distinct funds, independent of the other funds of the society, and shall not be liable for nor used for the payment of the debts and obliga-

tions of the society other than the benefits herein authorized: *Provided*, That a society may provide that when a child reaches the minimum age for initiation into membership in such society any benefit certificate issued hereunder may be surrendered for cancellation and exchanged for any other form of certificate issued by the society: *Provided*, That such surrender will not reduce the number of lives insured in the branch below five hundred, and upon the issuance of such new certificate any reserve upon the original certificate herein provided for shall be transferred to the credit of the new certificate. Neither the person who originally made application for benefits on account of such child nor the beneficiary named in such original certificate, nor the person who paid the contributions, shall have any vested right in such new certificate, the free nomination of a beneficiary under the new certificate being left to the child so admitted to benefit membership.

1919, XXXI, 124.

(4155) § 13. Reports — Separation of Assets.—An entirely separate financial statement of the business transactions and of assets and liabilities arising therefrom shall be made in its annual report to the Insurance Commissioner by any society availing itself of the provisions hereof. The separation of assets, funds and liabilities required hereby shall not be terminated, rescinded or modified, nor shall the funds be diverted for any use other than as specified in Section 12, as long as any certificates issued hereunder remain in force, and this requirement shall be recognized and enforced in any liquidation, reinsurance, merger or other change in the condition of the status of the society.

1919, XXXI, 124.

(4156) § 14. Payments for Expense Fund.—Any society shall have the right to provide in its laws and the certificate issued hereunder for specified payments on account of the expense or general fund, which payments shall or shall not be mingled with the general fund of the society as its constitution and by-laws may provide.

1919, XXXI, 124.

(4157) § 15. Continuance of Insurance of Child.—In the event of the termination of membership in the society by the person responsible for the support of any child on whose account a certificate may have been issued, as provided herein, the certificate may be continued for the benefit of the estate of the child, provided the contributions are continued, or for the benefit of any other person responsible for the support and maintenance of such child who shall assume the payment of the required contributions.

(4158) § 16. Who May Be Admitted to Membership—Medical Examinations.—An association may admit to beneficial membership any person not less than sixteen nor more than sixty years of age, who has been examined by a competent physician, and whose examination has been supervised and approved as provided by the laws of the association: *Provided*, That when a death benefit is less than one hundred dollars a medical inspection only may be required: *And provided, further*, That any association

which does not promise natural death benefits shall not be required to make any such examination, and any beneficiary member of such association who shall apply for a certificate providing for disability benefits, need not be required to pass an additional medical examination therefor. Nothing herein contained shall prevent such association from accepting general or social members.

Civ. '12, § 2753; 1910, XXVI, 554.

(4159) § 17. What Shall Be Specified in Certificates.—Every certificate issued by any such association shall specify the maximum amount of benefit provided thereby, and shall provide that the certificate, the charter or articles of the association, the constitution and laws of the association and the application for membership and medical examination, signed by the applicant, shall constitute the agreement between the association and the member: *Provided*, That any changes, additions or amendments to said charter or articles of association, the constitution and laws, duly made or enacted subsequent to the issuance of the benefit certificate shall bind the member and his beneficiaries and shall govern and control the contract in all respects the same as though such changes, additions or amendments had been made prior thereto and were in force at the time of the application for membership.

Civ. '12, § 2754; 1910, XXVI, 554.

(4160) § 18. (4162) § 20. Division of Payments.—Every provision for payment by members of such an association, in whatever form made, shall distinctly state the purpose of the same, and the proportion thereof which may be used for expenses, and no part of the money collected for mortuary or disability purposes, and no part of the reserve, emergency or surplus funds or the net accretions of either or of any of said funds shall be used for expenses.

Civ. '12, § 2757; 1910, XXVI, 554.

(4163) § 21. Merger, Etc., of Fraternal Benefit Societies.—No fraternal benefit society organized under the laws of this State to do the business of life, accident or health insurance shall consolidate or merge with any other fraternal benefit society, or reinsure its insurance risks, or any part

thereof, with any other fraternal benefit society, or assume or reinsure the whole or any portion of the risks of any other fraternal benefit society, except as herein provided. No fraternal benefit society or subordinate body thereof shall merge, consolidate with or be reinsured by any company or association not licensed to transact business as a fraternal beneficiary society.

Civ. '12, § 2759; 1910, XXVI, 554; 1919, XXXI, 83, 176.

(4164) § 22. Proposed Contract for Merger, Etc., to Be Submitted to Insurance Commissioner.—When any such fraternal benefit society shall propose to consolidate or merge its business or to enter into any contract of reinsurance, or to assume or reinsure the whole or any portion of the risks of any other fraternal benefit society, the proposed contract, in writing, setting forth the terms and conditions of such proposed consolidation, merger or reinsurance shall be submitted to the legislative or governing bodies of each of said parties to said contract after due notice, and if approved, such contract, as so approved, shall be submitted to the Commissioner of Insurance of this State for his approval, and the parties to said contract shall at the same time submit a sworn statement showing the financial condition of each of such fraternal benefit societies as of the 31st day of December preceding the date of such contract, provided that such Insurance Commissioner may within his discretion require such financial statement to be submitted as of the last day of the month preceding the date of such contract. The Commissioner of Insurance shall thereupon consider such contract of consolidation, merger or reinsurance, and if satisfied that the interests of the certificate holders of such fraternal societies are properly protected, and that such contract is just and equitable to the members of each of such societies, and that no reasonable objection exists thereto, shall approve said contract as submitted. In case the parties corporate to such contract shall have been incorporated in separate States or Territories, such contract shall be submitted as herein provided to the Commissioner of Insurance of each of such incorporating States or Territories, to be considered and approved separately by each of such Commissioners of Insurance. When said contract or consolidation, merger or reinsurance shall have been approved as hereinabove provided, such Commissioner or Commissioners of Insurance shall issue a certificate to that effect, and thereupon the said contract of consolidation, merger or reinsurance shall be in full force and effect. In case such contract is not approved, the fact of its submission and its contents shall not be disclosed by the Commissioner of Insurance.

1919, XXXI, 83.

(4165) § 23. Expenses of Merger, Etc.—All necessary and actual expenses and compensation incident to the proceedings provided hereby shall be paid as provided by such contract of consolidation, merger or reinsurance: *Provided, however,* That no brokerage or commission shall be included in such expenses and compensation or shall be paid to any person by either of the parties to any such contract in connection with the negotiation therefor or execution thereof, nor shall any compensation be paid to an officer or employee of either of the parties to such contract for directly

or indirectly aiding in effecting such contract or consolidation, merger or reinsurance. An itemized statement of all such expenses shall be filed with the Insurance Commissioner or Commissioners, as the case may be, subject to approval, and when approved the same shall be binding on the parties thereto. Except as fully expressed in the contract of consolidation, merger or reinsurance, or itemized statement of expenses, as approved by the Commissioner or Commissioners of Insurance, as the case may be, no compensation shall be paid to any person or persons, and no officer or employee of the State shall receive any compensation, directly or indirectly, for in any manner aiding, promoting or assisting any such consolidation, merger or reinsurance.

1919, XXXI, 83.

(4166) § 24. Penalty.—Any person violating the provisions of Sections 21 to 23 inclusive, or either, shall be guilty of a felony, and, upon conviction, shall be liable to a fine of not more than five thousand dollars, or to imprisonment for not more than five years, or to both fine and imprisonment.

1919, XXXI, 83.

(4167) § 25. Associations Now Licensed to Do Business in This State.—Associations which are now authorized to transact business in this State may continue such business until the first day of April, 1919, and the authority of such associations may thereafter be renewed annually, but in all cases to terminate on the first day of the succeeding April: *Provided, however,* The license shall continue in full force and effect until the new license be issued or specifically refused. For each such license or renewal the association shall pay the Insurance Commissioner twenty-five dollars. A duly certified copy or duplicate of such license shall be *prima facie* evidence that the license is a fraternal benefit association within the meaning of this Article.

1919, XXXI, 171.

(4168) § 26. Foreign Associations to Be Licensed—Requirements for Admission—Insurance Commissioner's Reviewable Decision.—No foreign association shall transact any business in this State without a license from the Insurance Commissioner. On seeking admission to do business in this State, such association shall file with the Insurance Commissioner a duly certified copy of its charter or article of incorporation; a copy of its constitution and laws, certified by its secretary or corresponding officer; a power of attorney to the said Insurance Commissioner as hereinafter provided; a statement under oath by its president and secretary or corresponding officers in the form herein prescribed, of its business for the preceding year; a certificate from the proper official in its home State, territory, district, province or country, that the association is legally organized, and that it is authorized to transact business therein; a copy of its application form, certificate of membership and of all circulars in use by it; and that it has the further qualifications required of domestic associations organized under this Article, and has its assets invested as required by the laws of the State, territory, district, province or country where it is

organized, and such other information as the Insurance Commissioner shall require. Each association shall pay to the said Insurance Commissioner an annual department license fee of twenty-five dollars. When the said Commissioner shall refuse to license any association, or revokes its license to do business in this State, he shall reduce his ruling, order or decision to writing and file the same in his office, and shall furnish a copy thereof, together with a statement of his reasons, to the officers of the association, and the action of the said Commissioner shall be reviewable by proper proceedings in any Court of competent jurisdiction within this State: *Provided, however,* That nothing contained in this or the preceding Section shall be taken or construed as preventing any such association from continuing in good faith all contracts made in this State during the time such association was legally authorized to transact business therein. No association not now licensed to do business in this State shall be admitted hereafter to do business in this State unless its methods and plans are in accord with the standards recognized as applying to fraternal associations, and the Insurance Commissioner shall be satisfied that reasonable provision has been made to fulfill its contracts; or that he is satisfied otherwise that such association should be granted a license.

Civ. '12, § 2760; 1910, XXVI, 554.

(4169) § 27. Associations Shall Appoint Insurance Commissioner Attorney for Purpose of Process.—Every association, whether domestic or foreign, hereafter applying for admission, shall, before being licensed, appoint in writing the Insurance Commissioner and his successors in office to be its true and lawful attorney upon whom all legal process in any action or proceeding against it shall be served, and in such writing shall agree that any lawful process against it which is served upon such attorney shall be of the same legal force and validity as if served upon the association, and that the authority shall continue in force so long as any liability remains outstanding in this State. Copies of such appointment, certified by the Insurance Commissioner, shall be deemed sufficient evidence thereof, and shall be admitted in evidence with the same force and effect as the original thereof might be admitted. Service shall only be made upon such attorney, must be made in duplicate and shall be deemed sufficient service upon such association. When legal process against any such association is served upon said Insurance Commissioner, he shall forthwith forward by registered mail one of the duplicate copies prepaid and directed to its secretary or corresponding officer at the head office of the association.

Civ. '12, § 2761; 1910, XXVI, 554.

(4170) § 28. Meetings.—Any domestic association may provide that the meetings of its legislative or governing body may be held in any State, district, province or territory wherein such association has subordinate branches, and all business transacted at such meetings shall be as valid in all respects as if such meetings were held in this State; but its principal office shall be located in this State.

1919, XXXI, 171.

(4171) § 29. Benefits in Associations Not to Be Subject to Attachment Etc.—No money or other benefit, charity or relief or aid to be paid, pro-

vided or rendered by any such association, shall be liable to attachment, garnishment or other process, or be seized, taken, appropriated or applied by any legal or equitable process or operation of law to pay any debt or liability of a member or beneficiary, or of any person who may have a right thereunder, either before or after payment.

Civ. '12, § 2762; 1910, XXVI, 554.

(4172) § 30. Amendments to Constitutions to Be Filed.—Every association transacting business under this Article shall file with the Insurance Commissioner a duly certified copy of all amendments of or additions to its constitution and laws within ninety days after the enactment of the same. Printed copies of the constitution and laws and of additions or amendments thereto, certified by the secretary or corresponding officer of the association, shall be *prima facie* evidence of the legal adoption thereof.

Civ. '12, § 2763; 1910, XXVI, 554.

(4173) § 31. Reports—Valuations.—Every society transacting business in this State shall annually, on or before the first day of March, file with the Insurance Commissioner, in such form as he may require, a statement, under oath of its president and secretary or corresponding officers, of its condition and standing on the thirty-first day of December next preceding, and of its transactions for the year ending on that date, and also shall furnish such other information as the Insurance Commissioner may deem necessary to a proper exhibit of its business and plan of working. The Insurance Commissioner may at other times require any further statement he may deem necessary to be made relating to such society. In addition to the annual report herein required, each association shall annually report to the Insurance Commissioner a valuation of its certificates in force on December 31, last preceding, excluding those issued within the year for which the report is filed, in cases where the contributions for the first year in whole or in part are used for current mortality and expenses. Such report of valuation shall show, as contingent liabilities, the present mid-year value of the promised benefits provided in the constitution and laws of such association under certificates then subject to valuation; and, as contingent assets, the present mid-year value of the future net contributions provided in the constitution and laws as the same are in practice actually collected. At the option of any association, in lieu of the above, the valuation may show the net value of the certificates subject to valuation hereinbefore provided, and said net value, when computed in case of monthly contributions, may be the mean of the terminal values for the end of the preceding and of the current insurance years. Such valuation shall be certified by a competent accountant or actuary, or, at the request and the expense of the association, verified by the actuary of the department of insurance of the home State of the association, and shall be filed with the Insurance Commissioner within ninety days after the submission of the last preceding annual report. The legal minimum standard valuation for all certificates for disability benefits shall be the National Fraternal Congress Table of Mortality as adopted by the National Fraternal Congress August 23, 1899, or, at the option of the association, in a higher table; or, at its option, it may use a table based upon the association's own

experience of at least twenty years and covering not less than one hundred thousand lives with interest assumption not more than four per centum per annum. Each such valuation report shall set forth clearly and fully the mortality and interest basis and the method of valuation. Any association providing for disability benefits shall keep the net contributions for such benefits in a fund separate and apart from all other benefit and expense funds and the valuation of all other business of the association: *Provided*, That where a combined contribution table is used by an association for both death and permanent total disability benefits the valuation shall be according to tables of reliable experience, and in such case a separation of the funds shall not be required. The valuation herein provided for shall not be considered or regarded as a test of the financial solvency of the association, but each association shall be held to be legally solvent so long as the funds in its possession are equal to or in excess of its matured liabilities. A report of such valuation and explanation of the fact concerning the condition of the association thereby disclosed shall be printed and mailed to each beneficiary member of the association not later than June 1 of each year; or, in lieu thereof, such report of valuation and showing of the association's condition as thereby disclosed may be published in the association's official paper and the issue containing the same mailed to each beneficiary member of the association. The laws of such association shall provide that if the stated periodical contributions of the members are insufficient to pay all matured death and disability claims in full, and to provide for the creation and maintenance of the funds required by its laws, additional, increased or extra rates of contribution shall be collected from the members to meet such deficiency; and such laws may provide that, upon the written application or consent of the member, his certificate may be charged with its proportion of any deficiency disclosed by valuation, with interest not exceeding five per centum per annum. If the valuation of the certificates, as hereinbefore provided, on December 31, 1918, shall show that the present value of future net contributions, together with the admitted assets, is less than the present value of the promised benefits and accrued liabilities, such association shall thereafter maintain said financial condition at each succeeding triennial valuation in respect of the degree of deficiency as shown in the valuation as of December 31, 1918. If at any succeeding triennial valuation such association does not show at least the same condition, the Insurance Commissioner shall direct that it thereafter comply with the requirements herein specified. If the next succeeding triennial valuation after the receipt of such notice shall show that the association has failed to maintain the condition required herein, the Insurance Commissioner may, in the absence of good cause shown for such failure, institute proceedings for the dissolution of such association, in accordance with the provisions of Section 32 of this Article, or in the case of a foreign association, its license may be cancelled in the manner provided in this Article. Any such association shown by any triennial valuation subsequent to December 31, 1918, not to have maintained the condition herein required shall, within two years thereafter, make such improvement as to show a percentage of deficiency not greater than as of December 31, 1918, or thereafter, as to all new

members admitted, be subject, so far as stated rates of contributions are concerned, to the provisions of Section 3 of this Article, applicable in the organization of new association: *Provided*, That the net mortuary or beneficiary contributions and funds of such new members shall be kept separate and apart from the other funds of the association. If such required improvement is not shown by the succeeding triennial valuation, then the said new members may be placed in a separate class and their certificates valued as an independent association in respect of contributions and funds. In lieu of the requirements contained in this section any association accepting in its laws the provisions of this Section may value its certificates on a basis, herein designated "accumulation basis," by crediting each member with the net amount contributed for each year and with interest at approximately the net rate earned and by charging him with the share of the losses of each year, herein designated "cost of insurance," and carrying the balance, if any, to his credit. The charge for the cost of insurance may be according to the actual experience of the society applied to a table of mortality recognized by the law of this State and shall take into consideration the amount at risk during each year, which shall be the amount payable at death less the credit to the member. Except as specifically provided in its articles or laws or contracts, no charge shall be carried forward from the first valuation hereunder against any member for any past share of losses exceeding the contributions and credit. If, after the first valuation, any member's share of losses for any year exceeds his credit, including the contribution for the year, the contribution shall be increased to cover his share of the losses, and if the credit at the time any benefit becomes payable during the lifetime of the member, including any available funds, does not equal such benefit, the contributions to be made by him or on his behalf shall be increased by the difference. Any such excess share of losses chargeable to any member may be paid out of a fund or contributions especially created or required for such purpose. Any member may transfer to any plan adopted by the association with net rates on which tabular reserves are maintained and on such transfer shall be entitled to make such application of his credit as provided in the laws of the association. Certificates issued, rerated or readjusted on a basis providing for adequate rates with adequate reserves to mature such certificates upon assumptions for mortality and interest recognized by the law of this State shall be valued on such basis, herein designated the "tabular basis:" *Provided*, That if on the first valuation under this Section a deficiency in reserve shall be shown for any such certificate, the same shall be valued on the accumulation basis. Whenever in any society having members upon the tabular basis and upon the accumulation basis the total of all costs of insurance provided for any year shall be insufficient to meet the actual death and disability losses for the year, the deficiency shall be met for the year from the available funds after setting aside all credits in the reserve; or from increased contributions or by an increase in the number of assessments applied to the society as a whole or to classes of members as may be specified in its laws. Saving from a lower amount of death losses may be returned in like manner as may be specified in its laws. If the laws of the association so provide,

the assets representing the reserves of any separate class of members may be carried separately for such class as if in an independent society, and the required reserve accumulation of such class so set apart shall not thereafter be mingled with the assets of other classes of the association. A table showing the rates paid by and the credits to individual members and each age and year of entry, and showing opposite each credit the tabular rates and the tabular reserve required, or at the option of the association the required reserve on a level rate equivalent to that be paid according to assumptions for mortality and interest recognized by the laws of this State and adopted by the association, and, in either case, including any benefit payable at a specified age or on account of old age disability shall be filed by the association with each annual report and also be furnished to each member before July 1 of each year. In lieu of the aforesaid statement there may be furnished to each member within the same time a statement giving the date aforesaid for such member. No table or statement need be made or furnished when the reserves are maintained on the tabular basis. For this purpose, individual bookkeeping accounts for each member shall not be required and all calculations may be made by actuarial methods. Nothing herein contained shall prevent the maintenance of such surplus over and above the credits on the accumulation basis and the reserves on the tabular basis as the association may provide by or pursuant to its laws; nor be construed as giving the individual member any right or claim to any such reserve or credit other than in manner as expressed in the contract and its laws; nor as making any such reserve or credits a liability in determining the legal solvency of the association.

(4174) § 32. Examination of Records by the Insurance Commissioner.

—The Insurance Commissioner, or any person he may appoint, shall have the power of visitation and examination into the affairs of any domestic association. He may employ assistance for the purpose of such examination, and he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of the association and may summon and qualify as witness under oath and examine its officers, agents and employees or other persons in relation to the affairs, transactions and condition of the association. The expense of such examination shall be paid by the association examined upon statement furnished by the Insurance Commissioner, and the examination shall be made at least once in three years. Whenever after examination the Insurance Commissioner is satisfied that any domestic association has failed to comply with any provisions of this Article, or is exceeding its powers, or is not carrying out its contracts in good faith, or is transacting business fraudulently, or whenever any domestic association, after the existence of one year or more, shall have a membership of less than 400 (or shall determine to discontinue business), the Insurance Commissioner may present the facts relating thereto to the Attorney General, who shall, if he deem the circumstances warrant, commence an action in *quo warranto* in a Court of competent jurisdiction, and such Court shall thereupon notify the officers of such association of a hearing, and if it shall then appear that such association should be closed, said association shall be enjoined

from carrying on any further business, and some person shall be appointed receiver of such association, and shall proceed at once to take possession of the books, papers, moneys and other assets of the association, and shall forthwith, under the direction of the Court, proceed to close the affairs of the association and to distribute its funds to those entitled thereto. No such proceedings shall be commenced by the Attorney General against any such association until after notice has been duly served on the chief executive officers of the association and a reasonable opportunity given to it, on a date to be named in said notice, to show cause why such proceedings shall not be commenced.

Powers of Insurance Commissioner as to Foreign Societies.—When the Insurance Commissioner, on investigation, is satisfied that any foreign society transacting business under this Article has exceeded its powers or has failed to comply with any provisions of this Article, or is conducting business fraudulently or is not carrying out its contracts in good faith, he shall notify the association of his findings, and state in writing the grounds of his dissatisfaction, and after reasonable notice require said society, on a date named, to show cause why its license should not be revoked. If on the date named in said notice such objections have not been removed to the satisfaction of the said Insurance Commissioner, or the association does not present good and sufficient reasons why its authority to transact business in this State should not at that time be revoked, he may revoke the authority of the association to continue business in this State. All decisions and findings of the Insurance Commissioner made under the provisions of this Section may be reviewed by proper proceedings in any Court of competent jurisdiction, as provided in Section 26 of this Article.

Any fraternal benefit association heretofore organized and incorporated and operating within the definition set forth in Sections 1 and 2 of this Article, providing for benefits in case of death or disability resulting solely from accidents, but which does not obligate itself to pay death or sick benefits, may be licensed under the provisions of this Article, and shall have all the privileges and shall be subject to all the provisions and regulations of this Article, except that the provisions of this Article requiring medical examinations, valuations of benefit certificates, and that the certificate shall specify the amount of benefits, shall not apply to such society.

In case any such company or association shall consent to such assignment of any policy or policies, or the proceeds thereof, it may never-

theless at any time thereafter, by its president and secretary, or such other officer as may be authorized by the board of directors, cancel such policy, upon giving the assignee not less than ten (10) days' notice in writing: *Provided, however,* A longer period may be agreed upon by the company or association and such assignee. The other officers shall be elected for not longer terms than two years, at such times and in such manner as the by-laws may direct. The compensation of each officer may be either definite and certain or may be contingent upon losses, but shall be fixed before the duties of office are entered upon or the service performed. In each case in which a policy of insurance is written, it shall be approved in writing by at least one officer, whose compensation shall not be contingent upon such approval, but the absence of such written approval shall not invalidate any policy. An accurate account of all receipts and disbursements, together with the exact amount paid to each officer, shall be made by the treasurer to the annual meeting of policyholders, and shall be certified to the Insurance Commissioner. No officer of a mutual company shall give, either officially or privately, a guarantee or estimate to a policyholder against an assessment to which he may be liable. If the officers of any such company neglect or omit to levy and collect with all practicable diligence any assessment the Insurance Commissioner, upon his ascertainment of such neglect or omission, may apply to any Court of competent jurisdiction for a mandamus to compel the performance of such neglect or omission. It shall be the duty of the Attorney General or any of the several Solicitors, upon application of the Insurance Commissioner, to institute such proceedings in the name of the State. But any such company may defer such assessment for not longer than one year, provided it pays its losses within sixty days, after due notice and satisfactory proof of loss, by borrowing money on its own note, or by other means, in accordance with its constitution or by-laws. Any public or private corporation, board or association, executor, administrator or guardian, or any person holding property in trust in this State or elsewhere, may insure the same in such companies, assume the liabilities, and be entitled to the rights of a member, may make application for, enter into agreements for, and hold policies in any mutual insurance company. Any officer, stockholder, trustee or legal representative of any such corporation, board, association or estate may be recognized as acting for or on its behalf for the purpose of such membership, but shall not be personally liable upon such contract of insurance by reason of acting in such

representative capacity. Any number of mutual insurance companies, not less than three in number, may form a mutual reinsurance company, for mutual reinsurance of their risks. Any mutual insurance company may effect reinsurance in some other fire insurance company of this State, or of any other State licensed in this State, doing business in this State, and in like manner to reinsure similar risks of any other such company. Any mutual insurance company may by resolution of its board of directors authorize the company to become a member of a reinsurance company already organized or to be organized under the laws of this State. A representative of such mutual insurance company shall thereupon be authorized by the board of directors to represent such company in forming and organizing such reinsurance company or to take such action as may be necessary to become a part of a reinsurance company already organized. Such mutual reinsurance companies may be organized in the following manner: The representative selected by each mutual insurance company shall file a declaration with the Secretary of State setting forth the names of the member companies, the counties in which they do business, the post-office address thereof, the resolution or resolutions of each of said companies authorizing it to become a member of such mutual reinsurance company, the name of the person selected to represent each mutual company, the name of the proposed reinsurance company, the purpose for which the reinsurance company is to be organized, which purpose shall be to enable the member companies or such other like companies as may thereafter become members thereof to reinsure their risks, to permit and require the reinsurance company to levy *pro rata* assessments upon all member companies and their individual members to pay losses and expenses thereof.

1917, XXX, 55.

(4194) § 9. Board of Directors of Reinsurance Companies—Duties and Powers.—The representatives selected under the provisions hereof shall constitute the board of directors of such reinsurance company and shall hold their office for a period of two years and until their successors are elected by the board or boards of directors of the member companies, and in case of vacancy in said board by death, resignation or otherwise, a successor may be chosen in the manner hereinabove provided. Said board shall elect a president, secretary and treasurer and such other officers as may be necessary, and may authorize the employment of such other persons as may be desirable and necessary for the complete performance of all of the business and objects of the company herein provided, to fix the salaries and compensation of officers and employees, to adopt by-laws and such rules and regulations as may be desirable and not inconsistent with law, to possess such powers and privileges and be subject to such duties, so far as they are consistent herewith and practicable, as are conferred upon or

imposed upon member companies by the provisions of this Article. And all property insured by a member company shall be subject to the lawful obligations of said reinsurance company to the extent and in the manner and mode as is provided for in favor of member companies in Section 13 of this Article. Such reinsurance company shall pay an annual Insurance Department license fee of five (\$5.00) dollars.

1917, XXX, 55.

(4195) § 10. Assessments for Reinsurance.—Member companies shall be notified of the gross amount of each assessment levied against it by a reinsurance company and said member company shall assess and collect the same in the same manner as its other assessments are levied and collected and transmit the proceeds thereof to the reinsurance company of which it is a member.

1917, XXX, 55.

(4196) § 11. Continuation of Existing Charters.—This Article shall not repeal the charter of any mutual insurance company now organized and doing business in this State. All such charters heretofore granted or that may hereafter be granted under the laws of this State shall be perpetual and subject only to alteration, amendment or repeal by the General Assembly, and such companies shall not be limited in the number of policies or the aggregate amount of insurance that may be written.

1917, XXX, 55.

(4197) § 12. Reserve Fund.—Such an association may accumulate in its treasury a reserve fund, in such an amount and by such means as its constitution and by-laws permit. Such funds shall be invested in such manner as its directors may direct, in accordance with the laws governing investments by insurance companies in this State. Such association may make and enforce such constitution and by-laws as may be necessary for the proper conduct of its business, and which are not in conflict with the laws of this State. But only such portions of the constitution and by-laws shall be a part of a policy contract as shall be printed in the policy certificate, or as shall be mailed to the policyholder at his last known postoffice address.

If any certain number of assessments be specified upon said policies as payable by the holders thereof, the association shall not be entitled to levy any further assessments, even although such rights have been expressly reserved in the policy: *Provided, however,* That before any such association shall be entitled to do business as a stock company, as aforesaid, the Insurance Commissioner shall, upon request, value the assets of the said association and its outstanding policies, and shall find and give his certificate that the admitted assets of the said association including its capital stock, are sufficient to provide reserve upon all outstanding policies, as required by the laws of this State in relation to insurance companies.
